

# ALRIGHT

VS

# ALL RIGHT

Two words are usually spelled slightly differently either because they have very different meanings or because they are used in different parts of the world. Sometimes, however, it so happens that, of the two spellings, only one is considered correct by dictionaries, teachers, and editors.

## USAGE

- In the beginning, the word ALRIGHT **didn't even exist**.
- In fact, alright is simply **a contraction of all right**.
- It can be considered a **synonym of all right** in many cases. However, not in all of them.
- Though writing alright in a text message is perfectly normal, it won't be acceptable in any formal piece of writing.

## USAGE

People got by fine with just ALL RIGHT.

## EXAMPLES

- All right, I take it all back. It wasn't your fault.
- Would it be all right if I took a picture here?
- Don't fret, everything will be all right.
- Everything seems to be all right.
- Don't worry about me. I'll be all right.
- It's a little steep. But I'm sure it will be all right.

To be safe, always use ALL RIGHT. Of course, your friends will understand the meaning of your text message if you go with a shortened version every once in a while, but, if your writing is going to be marked or published, ALL RIGHT is the only option you should consider.
