Weaving a Malawi Sunrise Roberta Laurie, 2015-11-23 When you educate a girl you educate a nation Malawian saying The women of Malawi like many other women in developing countries struggle to find their way out of poverty and build a better life for themselves and their families Weaving a Malawi Sunrise tells the story of Memory Chazeza's quest to get an education and to build a school for young women Roberta Laurie was one of many who helped Memory realize her vision of seeing young girls become strong and independent women who could care for themselves and their future families During her time in Malawi Laurie met several other women each of whom had a story of her own Laurie combines these personal accounts with detailed information about the country's underlying social and political context Readers interested in Africa global affairs women's studies development and international education will give high marks to Weaving a Malawi Sunrise

Pathways to Prosperity in Rural Malawi Andrew Dabalen, Alejandro de la Fuente, Aparajita Goyal, Wendy Karamba, Tomomi Tanaka, 2017-07-06 By most accounts rural Malawi has lacked dynamism in the past decade Growth has been mostly volatile in large part due to unstable macroeconomic fundamentals evidenced by high inflation fiscal deficits and interest rates When rapid economic growth has materialized the gains have not always reached the poorest Poverty remains high and the rural poor face significant challenges in consistently securing enough food Several factors contribute to stubbornly high rural poverty They include a low productivity and non diversified agriculture macroeconomic and recurrent climatic shocks limited non farm opportunities and low returns to such activities especially for the poor and poor performance from some of the prominent safety net programs The Report proposes complementary policy actions that offer a possible path for a more dynamic and prosperous rural economy The key pillars of this comprise macroeconomic stability increased productivity in agriculture faster urbanization better functioning safety nets and more inclusive financial markets Some recommendations call for a reorientation of existing programs such as the Malawi Farm Input Subsidy Program FISP and the Malawi Social Action Fund Public Works Program MASAF PWP Others identify promising new areas of intervention such as the introduction of digital IDs and biometric technologies to enhance the reach of mobile banking and deepen financial inclusion Finally and importantly the report recommends the scaling up of investments on girls secondary education to curb early child marriage and early child bearing among adolescents This will empower women at home and work and bend the trajectory of fertility rates in rural areas in order to boost human development and reduce poverty **Building Resilient Healthcare Systems**

With ICTs Ndayizigamiye, Patrick, Kante, Macire, 2022-03-11 One of the challenges encountered in the provision of healthcare is the inability of healthcare systems to adapt to or respond adequately to adverse events pandemics or otherwise especially in settings with limited resources ICTs can be built into healthcare systems to detect and or mitigate adverse events The COVID 19 pandemic has showcased the opportunities that are brought forth by ICTs such as the adoption of online consultations by doctors and other innovative ways of providing healthcare despite public health regulations travel

restrictions and fears tied to physical appointments Beyond the COVID 19 era there is a need to reimagine how ICTs could be adopted in healthcare to ensure resilience in the advent of any of these future adverse events Building Resilient Healthcare Systems With ICTs highlights the various ways ICTs could assist in building resilience within healthcare systems and the various contexts in which resilience could be built within healthcare systems It portrays practical implications of and value derived from building resilience in healthcare systems Covering topics such as electronic health information systems multimodal representation and supply chain management this book is an essential resource for healthcare executives government officials researchers computer engineers and academicians
