One Frank J. Roberts, 2008-10 The trilogy begins in March of 1968 when the CIA and U S Army INSCOM Intelligence Security Command learn that the Soviet Union has developed a psychic program to conduct espionage on the U S intelligence community To counter this threat they begin forming their own psychic program from the research of a similar experiment conducted two years prior at the University of Illinois by Dr Albert Silvers The task of bringing this program together is put upon Director Henry Miller a CIA veteran and Colonel James A Stewart the officer in charge of INSCOM and the military liaison officer to a multitude of Department of Defense contractors located at Johnsville Naval Air Warfare Development Center in Warminster Pennsylvania Director Miller appoints Brian Crawford a new recruit to the CIA and former standout football player at Penn State University to represent the CIA on his behalf Colonel Stewart and Agent Crawford become quick friends and set out to form the Psychic Research for the advancement of Intelligence gathering on Soviet and eastern bloc Military forces or P R I S M Although Colonel Stewart and Agent Crawford are both skeptical of the usefulness of psychics to the intelligence community but their opinions sway after watching old file footage of a young boy seemingly using psychic abilities to help his family escape Communist held East Germany and film from the failed program conducted by Dr Silvers of young girl using Pyro Kinesis and another young boy using mental telepathy They work at a blinding pace to retrieve all the data they can on these subjects The young boy who helps his family defect from East Germany is now a U S citizen and has been recruited by Director Miller to be a part of P R I S M However the whereabouts of the two children that were involved with Dr Silvers program like their identities are unknown Concluding that the two children would make an excellent addition to P R I S M Colonel Stewart and Agent Crawford begin looking for information on the two Since neither the CIA nor INSCOM has any details on the two children and Dr Silvers was believed to have a nervous breakdown killing himself and others in a city bus hijacking Colonel Stewart recruits an old Army buddy Scott Wallack to be head of security on Project P R I S M and to gather any information he can from Dr Silver s widow Special Agent Wallack returns to Johnsville NADC with the personal journals of Dr Silvers and then the mystery begins to unfold Agent Crawford comes across one of Dr Silvers journals and it has a particular effect on Project P R I S M He finds one word Assyrr written throughout the entire notebook They discover that it is the name of an ancient demon that possesses its unwary victims through nightmares ultimately driving the victim to end their own life and the lives of others as well Special Agent Wallack and his three man security team have an encounter with demonic influences causing Agent Crawford to ask What does psychic research have to do with this demon The answer to that question remains a mystery until the CIA recruit s an Exorcist Demonologist from the Catholic Church Father Joseph Salomie It becomes apparent that people with psychic abilities are in the evolutionary state of where God had ultimately planned for humanity to be This would create a Final Communion with God and a world wide holy utopia To prevent humanity from gaining such a precious ability one in which he held so dear but lost long ago Lucifer sets out to halt this union of man and God He unleashes his demonic horde to carry out

his diabolical plan a communion between humanity and himself The members of Project P R I S M go head to head with the forces of evil battling demons political bureaucracy and enemy psychic agents in an attempt to keep humanity on track for Final Communion But will that communion be with God or Lucifer

Riding Lucifer's Line Bob Alexander,2013 The Texas Mexico border is trouble Haphazardly splashing across the meandering Rio Grande into Mexico is or at least can be risky business hazardous to one s health and well being Kirby W Dendy the Chief of Texas Rangers corroborates the sobering reality As their predecessors for over one hundred forty years before them did today s Texas Rangers continue to battle violence and transnational criminals along the Texas Mexico border In *Riding Lucifer's Line* Bob Alexander in his characteristic storytelling style surveys the personal tragedies of twenty five Texas Rangers who made the ultimate sacrifice as they

scouted and enforced laws throughout borderland counties adjacent to the Rio Grande The timeframe commences in 1874 with formation of the Frontier Battalion which is when the Texas Rangers were actually institutionalized as a law enforcing entity and concludes with the last known Texas Ranger death along the border in 1921 Alexander also discusses the transition of the Rangers in two introductory sections The Frontier Battalion Era 1874 1901 and The Ranger Force Era 1901 1935 wherein he follows Texas Rangers moving from an epochal narrative of the Old West to more modern technological times Written absent a preprogrammed agenda *Riding Lucifer's Line* is legitimate history Adhering to facts the author is not hesitant to challenge and shatter stale Texas Ranger mythology Likewise Alexander confronts head on many of those critical Texas Ranger histories relying on innuendo and gossip and anecdotal accounts at the expense of sustainable evidence writings often plagued with a deficiency of rational thinking and common sense *Riding Lucifer's Line* is illustrated with sixty remarkable old time photographs Relying heavily on archived Texas Ranger documents the lively text is authenticated with more than one thousand comprehensive endnotes
