Harmonious Economics or The New World Order. 2nd edition by supplemented Vladimir Chabanov, 2020-02-19 The modern economy whose driving force is income and not benefits to people is inevitably monetary rental and exploitative She does not cope with modern problems In order for the economy to become a factory of useful things it must abandon liberal principles change the management philosophy priorities and tools The theory and features of building such an economy are presented in this book It is original and has no world analogues Macroeconomics without the Errors of Keynes James C. W. Ahiakpor, 2019-06-04 Modern macroeconomics is in a stalemate with seven schools of thought attempting to explain the workings of a monetary economy and to derive policies that promote economic growth with price level stability This book pinpoints as the source of this confusion errors made by Keynes in his reading of classical macroeconomics in particular the classical Quantity Theory and the meaning of saving It argues that if these misunderstandings are resolved it will lead to economic policies consistent with promoting the employment and economic growth that Keynes was seeking The book will be crucial reading for all scholars with an interest in the foundations of Keynes s theories and anyone seeking to understand current debates regarding macroeconomic policy making

Macroeconomics and Development Mario Damill, Martín Rapetti, Guillermo Rozenwurcel, 2016-03-15 Latin American neo structuralism is a cutting edge regionally focused economic theory with broad implications for macroeconomics and development economics Roberto Frenkel has spent five decades developing the theory s core arguments and expanding their application throughout the discipline revolutionizing our understanding of high inflation and hyperinflation disinflation programs and the behavior of foreign exchange markets as well as financial and currency crises in emerging economies The essays in this collection assess Latin American neo structuralism s theoretical contributions and viability as the world s economies evolve The authors discuss Frenkel s work in relation to pricing decisions inflation and stabilization policy development and income distribution in Latin America and macroeconomic policy for economic growth An entire section focuses on finance and crisis and the volume concludes with a neo structuralist analysis of general aspects of economic development For those seeking a comprehensive introduction to contemporary Latin American economic thought this collection not only explicates the intricate work of one of its greatest practitioners but also demonstrates its impact on the
