prospective owners don't fall into neat categories I tried to cover all the bases Or at least as many as possible As with any attempt to do everything I didn't always succeed But I did succeed in providing at least something for everyone For those who haven't yet bought a portable or are unsure if buying an HX 20 was the right move there are descriptions of 20 other portables on the market For those who have used other computers before there's information on how Epson BASIC differs from other BASICs with tips on converting programs
