Economics Authors **Jammu & Kashmir** Bilal Ahmad Khan,2022-03-25 The book presents a comprehensive treatment of unemployment and economic problems in Jammu Kashmir Kashmir being a conflict ridden zone has far less opportunities for employment than rest of the other states With an underdeveloped industrial sector and the inability of government to create enough jobs there seems to be no immediate solution Lack of avenues to engage the youth in meaningful ways result in making miscreants out of many of them Young populations across the world are generally seen as drivers of socio economic growth but in Kashmir the youth bulge is a problem Unemployed youths destabilize the economy by being used to create mayhem by the anti social elements in the region Underdevelopment and unemployment in Jammu Kashmir is the manifestation of a mismatch between physical and human resources This exists when a large segment of the working age population does not possess the appropriate skills and knowledge to be gainfully employed In addition lackadaisical and imprudent policies pursued by subsequent governments are the major challenge A radical shift in its policies especially in the education sector is an absolute prerequisite for the birth of a capable workforce The remedy lies in revamping the education sector by crafting appropriate policies for suitable skills in line with the socio economic requirements of the society The book argues the government must think about a long term plan for unemployed youth and devise a policy to channel the youth bulge constructively

Management Megatrends ,2010 Papers presented at the International Conference on Management of Emerging Paradigm Conflicts in a Globalizing World held at Bangalore in 2010 **Problems And Prospects Of Small Industries**
R.N. Misra,2005 Agriculture plays a vital role in Indian economy from the very inception of economic planning Agriculture alone cannot solve all the basic problems of the country like unemployment So small Industries play a key role for economic development of the country India is a country of resources unless these resources are utilised in full the development of the country is not possible so establishment of small industries in rural as well as in urban areas are essential This book is of immense value It throws light on various angles of Small Industries of our country The book is very helpful to the planners teachers research scholars students government agencies and non government agencies which are concerned with the economic development of the country as a whole *Sustainable Growth of Agriculture in India* S. K. Mishra,Sudhanshu Kumar Mishra,1994 The book shows that the instant need to feed the teeming millions propelled us to increase the use of chemical fertilizers and adopt better agricultural practices which have created multifaced problems in agriculture However these methods have been killing the natural fertilizing potential of soil The persistently growing use of external nutrients has enormously raised the cost of farming thus turning agriculture into an unremunerative occupation Excessive use of chemical fertilizers has also been causing long term hazards to soil fertility and intensifying the need of subsidy on domestic and imported fertilizers All these hinder sustainable growth of agriculture The study also shows that prices of inputs which farmers have been using have increased at a much faster rate than those of agriculture output causing impoverishment in real sense among them and making agriculture an occupation of last resort *Pratiyogita Darpan* ,2007-10 Pratiyogita Darpan monthly magazine is India s largest read General Knowledge and Current Affairs Magazine Pratiyogita Darpan English monthly magazine is known for quality content on General Knowledge and Current Affairs Topics ranging from national and international news issues personality development interviews of examination toppers articles write up on topics like career economy history public administration geography polity social environment scientific legal etc solved papers of various examinations Essay and debate contest Quiz and knowledge testing features are covered every month in this magazine **Pratiyogita Darpan** ,2008-07 Pratiyogita Darpan monthly magazine is India s largest read General Knowledge and Current Affairs Magazine Pratiyogita Darpan English monthly magazine is known for quality content on General Knowledge and Current Affairs Topics ranging from national and international news issues personality development interviews of examination toppers articles write up on topics like career economy history public administration geography polity social environment scientific legal etc solved papers of various examinations Essay and debate contest Quiz and knowledge testing features are covered every month in this magazine *Sociology of Indian Society* CN Shankar Rao,2004-09 The revision comes 10 years after the first edition and completely overhauls the text not only in terms of look

and feel but also content which is now contemporary while also being timeless A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion *Socio - Economic Analysis of Handloom Industry in Andhra Pradesh* Dr. Srinivasa Rao
