Forget Me Not The Descendants One:

The Forget-Me-Not Library Heather Webber, 2025-11-04 A detour A chance encounter Two women who alter the pages of each other's story Juliet Nightingale is lucky to be alive Months after a freak accident involving lightning she's fully recovered but is left feeling that something is missing from her life Something big Impulsively she decides to take a solo summer road trip hoping that the journey will lead her down a path that will help her discover exactly what it is that she's searching for Newly single mom Tallulah Byrd Mayfield is hanging by a thread after her neat tidy world was completely undone when her husband decided that their marriage was over In the aftermath of the breakup she and her two daughters move in with her eighty year old grandfather Tallulah starts a new job at the Forget Me Not Library where old treasured memories can be found within the books and where Lu must learn to adapt to the many changes thrown her way When a road detour leads Juliet to Forget Me Not Alabama and straight into Tallulah's life the two women soon discover there's magic in between the pages of where you've been and where you still need to go And that happiness even when lost can always be found again **Forget-me-not, founded by A.C. Harmsworth** Alfred Charles W. Harmsworth (visct. Northcliffe), 1892

Belgravia, 1867 **A Natural Year** Michael Fewer, 2020-03-02 In A Natural Year critically acclaimed travel writer Michael Fewer celebrates the everyday wonder of Irish nature in these beautifully written diaries observed from his homes in south Dublin and rural Waterford in which he delights at the startling beauty and extraordinary complexity of the natural world through the tranquil rhythms of the passing seasons Fewer's infectious passion for his subject simply inspires our own observation and suggests how careful study of the natural world around us can be a sure antidote to the stresses of modern life At a time when it's essential for us to understand the crisis that faces our wildlife and environment we need to know more about the natural world around us the treasures that are being needlessly lost and the threat to our very way of life A Natural Year will open eyes and hearts to a greater understanding of the world around us and its innate beauty and fragility
