economic status Consider this as a report from my own listening post It contains actual interviews with people and excerpts from newspapers magazines books and the Internet My intention was to depict my own personal life and my family s and write about my own story based upon personal experiences but also to describe certain mores attitudes customs and cultures of various people in Philippine and American society as I see or interpret them trying not to offend or annoy My observations may not jibe with some people s cultural make up political conviction religious beliefs personal experience sensitivity and interpretation of certain issues and things but such is life I know that no matter where I stand and wherever I go it s always my opinion against any others and I have lots of opinions that can cause obvious negative reactions in the simplest of minds The world is full of cuckoos and we even admire some of them depending on who you ask When it comes to some very burning questions the first casualty is truth since there s a big difference between knowing the real story and the story we re told The historical events and lore that I have used as backdrop are based upon factual records and are of common knowledge in the Philippines and in the United States but people inject their own spin opinion hypocrisy dogma self righteousness politics pandering feeling insight and experience into certain circumstances as I did I have tried to be as truthful and transparent as possible in my own light You can scoff at me but I have no political agenda and I m not a conspiracy theorist I am just that I am I m not rewriting history but trying to give history its true light and history is fickle In my defense I quote the philosopher Voltaire I disapprove of what you say but I will defend to the death your right to say it I also have to show my credentials as Filipino so as to be able to tell Filipino jokes and not get in trouble in consideration that this is my swan song I have lived in these United States since 1968 been drafted to the conflict in Vietnam worked long and hard in my profession have family traveled far now retired and have seen so much of the American society that I almost think of myself as a native On this note I beg for tolerance *Mao Tse-tung and the Chinese People* Roger Howard,2018-09-18 This book first published in 1977 attempts to show Mao Tse tung in his relationship with the Chinese people The author makes extensive use of a number of interviews with a cross section of Chinese people as well as examining the written records made by foreign visitors **Eggs in Cookery** Richard Hosking,2007 With chapters including Ovophilia in Renaissance Cuisining and Cackleberries and Henfruit A French Perspective this is a treasure trove of articles on the place of the humble egg in cookery *Back Roads California* DK,2013-04-02 Now available in PDF format Scenic routes charming hotels authentic regional cuisine Take a journey through the back roads of California to discover the area s real soul and charm DK Eyewitness Travel Guide Back Roads California driving vacation guide will take you via scenic routes to discover charming Californian towns local restaurants and intimate places to stay Twenty four themed drives each lasting one to five days reveal breathtaking views hidden gems and authentic local experiences that can only be discovered by road Each tour is bursting with insider knowledge and loaded with ideas for varied activities from short walks and longer hikes to days on the beach or at a spa to wine tours cycling trips and watersports Meanwhile the most friendly best value hotels and guesthouses
