Swaim,1993 For at least the first two centuries following its publication John Bunyan s *Pilgrim s Progress* was among the most formative and beloved books England contributed to the Western tradition second only to the English Bible in popularity and influence In this important new study Kathleen Swaim recognizes Bunyan as a major Puritan cultural figure and *Pilgrim s Progress* as a multilayered locus of cultural historical and theological as well as literary systems Her work maps shifts of cultural and theological emphasis as Christian s focus on the Word and Protestant martyrdom in Part I 1678 gives way to Christiana s characteristic emphasis on good works and the material reality of the Church in the world in Part II 1684 Swaim s study locates Part I of *Pilgrim s Progress* within the discourses of allegory myth the biblical and sermonic word and the conversion narrative tradition It locates Part II within modern social constructions particularly those of gender and within contemporary church practices and emerging new modes of representation It draws upon Bunyan s numerous other works to explicate *Pilgrim s Progress* as a mirror of evolving late seventeenth century Puritan culture **The Making and Remaking of China's "Red Classics"** Rosemary Roberts,Li Li,2017-10-19 *The Making and Remaking of China s Red Classics* is the first full length work to bring together research on the red classics across the entire Maoist period through to the reform era It covers a representative range of genres including novels short stories films TV series picture books animation and traditional style paintings Collectively the chapters offer a panoramic view of the production and reception of the original red classics and the adaptations and remakes of such works after the Cultural Revolution The contributors present fascinating stories of how a work came to be regarded as or failed to become a red classic There has never been a single answer to the question of what counts as a red classic artists had to negotiate the changing political circumstances

and adopt the correct artistic technique to bring out the authentic image of the people while appealing to the taste of the mass audience at the same time A critical examination of these works reveals their sociopolitical and ideological import aesthetic significance and function as a mass cultural phenomenon at particular historical moments This volume marks a step forward in the growing field of the study of Maoist cultural products *The Making and Remaking of China's Red Classics* analyzes the creation of literature in the Maoist era as well as the way in which the revolutionary canon was rediscovered and imagined during the reform period This book is a timely and fascinating set of studies critically illuminating a foundational time during PRC history and its aftermath Wendy Larson professor emerita University of Oregon Creative works produced in the Mao era 1942-1976 are often dismissed as mere propaganda Despite the fact that they are artistic reflections of that remarkable period scholars have generally ignored these red classics This book throws much needed light on them It is a must read for anyone wanting to understand the cultural scene in China Kam Louie honorary professor University of Hong Kong and UNSW Australia *Fields Watered with Blood* Margaret Walker, 2014 Representing an international gathering of scholars *Fields Watered with Blood* constitutes the first critical assessment of the full scope of Margaret Walker's literary career As they discuss Walker's work including the landmark poetry collection *For My People* and the novel *Jubilee* the contributors reveal the complex interplay of concerns and themes in Walker's writing folklore and prophecy place and space history and politics gender and race In addition the contributors remark on how Walker's emphases on spirituality and on dignity in her daily life make themselves felt in her writings and show how Walker's accomplishments as a scholar teacher activist mother and family elder influenced what and how she wrote A brief biography an interview with literary critic Claudia Tate a chronology of major events in Walker's life and a selected bibliography round out this collection which will do much to further our understanding of the writer whom poet Nikki Giovanni once called the most famous person nobody knows **The Spirit of Chinese Foreign Policy** Chih-yu Shih, 1990-06-18 This psychological interpretation of Chinese diplomatic history considers both the universal psychocultural processes and the uniqueness of China as a nation It also attempts to establish some interaction between social science and Sinology and examines behaviour by Chinese statesmen

happens inside Latin American prisons How does the social organisation of prisoners relate to the political structures beyond the walls Is it possible to resist corrupt penal regimes In *Prison Writing of Latin America* Joey Whitfield turns to those best placed to answer these questions people who have been imprisoned themselves Drawing on a century of material produced by Latin American prisoners from Mexico Cuba Costa Rica Colombia Peru Bolivia and Brazil Whitfield weaves readings of novels memoirs and testimonial texts with social and political analysis Rather than distinguishing between dictatorial and democratic periods of government he shows that from the point of view of the prisoner all states are authoritarian in nature In the face of oppression however prisoners both political and criminal have found ways not only to resist but also to create alternative communities both real and imagined sometimes in collaboration with each other [Conversations with American Novelists](#) Kay Bonetti,1997 Readers of fine novels cherish the opportunity to hear their favorite novelists speak directly without commentary or interpretation about how their lives and concerns drive their fiction writing For twenty years The Missouri Review has brought these readers some of the most compelling and thought provoking literary interviews in print In this collection of fifteen in depth interviews with contemporary novelists the authors discuss the style and themes of their work their writing habits their cultural and social backgrounds and larger aesthetic issues with refreshing insight about themselves and their art Originally conducted for the American Audio Prose Library the interviews were then edited for publication in The Missouri Review Here they are reproduced with an introduction and with a brief biographical and bibliographical headnote for each writer These candid interviews with some of our favorite novelists are sure to delight all readers Authors Interviewed in This Volume Robert Stone Jamaica Kincaid Jim Harrison Tom McGuane Louise Erdrich and Michael Dorris John Edgar Wideman Robb Forman Dew Rosellen Brown Peter Matthiessen Scott Turow Margaret Walker Linda Hogan Robert Olen Butler Jessica Hagedorn Larry Brown **The English Catalogue of Books [annual]**. Prusek,2012-12-06 The studies contained in this volume arose over the last thirty years Originally the range of the materials I intended to include in my selection was very much wider Publishing difficulties however have obliged me to curtail them to something less than half the planned content At first I intended to include all the studies I supposed might be of interest to readers and represent contributions still of some significance for

research in this domain of Oriental scholarship When the necessity arose to limit the contents I gave preference to the standpoint of thematic completeness rather than to what would be of interest to the general reader Thus in this volume I have confined myself to two thematic fields only Old Chinese literature and studies dealing with mediaeval storytellers productions hua pen I have excluded the whole complex of historical studies and all studies relating to the new literature I am now preparing on the principal historical theme on which I was engaged already in the period of my studies in Prague under Prof J Bidlo and then in 1928 till 1930 with Prof B Karlgren in Sweden and Prof G Haloun in Halle in Germany a more compendious study in which I hope to sum up the results of my research and I also intend to publish a volume of selected studies dealing with the New Chinese literature at some later date

Greek and Roman Folklore Graham

Anderson,2006-08-30 The Greek and Roman world is often noted for the rationalism of a few outstanding thinkers This book is about the traditional superstitions beliefs taboos folk remedies ghost stories and folk tales that haunted the rest Along the way it considers such questions as Do modern approaches help or hinder our attempts to see ancient superstition from the inside Can we break down the barriers between folk tales and myths Did it really matter whether a healing herb was picked by moonlight or not Was there a Cinderella tale in the ancient world The volume begins by asking how we can attempt to define folklore in the first place and how we can make sense of the vast amount of materials available It examines the prejudices of writers who report folkloric information and explores the cultural contexts that shaped their materials It includes numerous examples and texts such as tales legends proverbs jokes riddles and traditional customs The volume overviews critical approaches to the study of ancient folklore and it surveys the presence of Greek and Roman folklore in classical culture Because of the tremendous interest in the ancient world this volume will meet the needs of high school students and general readers

Howard W. Odum's Folklore Odyssey Lynn Moss Sanders,2003 Howard W Odum 1884 1954

the pioneering social scientist and founder of the University of North Carolina's department of sociology played a leading and well documented role in the modernization of the South This is the first book length study of Odum's contributions to southern folklore which had important but largely unappreciated consequences for his legacy of social justice Lynn Moss Sanders shows how Odum as a collector of African American blues and work songs anticipated some important precepts of modern folklore Notably Odum perceived the benefits of a collaborative and nonhierarchical approach to folk studies Influenced by a racially tolerant former student and by one of his black folk informants Odum changed his previous paternal segregationist attitudes about race Comparing Odum's two song collections *The Negro and His Songs* 1925 and *Negro Workaday Songs* 1926 Sanders links the growing influence of Odum's coauthor and former student Guy Johnson to a decrease in instances of racial condescension between the first and second book The three folk novels in Odum's *Black Ulysses* trilogy completed in 1931 also reveal a progressive refinement of Odum's racial views The change Sanders believes came with Odum's growing ability to see John Wesley Left Wing Gordon the black working class model for the trilogy's hero

as a friend rather than simply as a representative of the Negro From his authorship of *Social and Mental Traits of the Negro* 1910 now a relic of scientific racism to his final publication *Agenda for Integration* Odum exemplifies how the study of folklore changed the folklorist a change felt by a whole generation of southern liberals whose work Odum encouraged and shaped

Manning the Race Marlon B. Ross, 2004-06 Explores how African American men have been marketed embodied and imaged for the purposes of racial advancement during the first half of the 20th C

The Prose Literature of the Gaelic Revival, 1881-1921 Philip O'Leary, 2011-12-31 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O'Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism
