original murder Nelson now called Thantos got out of prison returned to Portland created a new street family and killed once more Twelve family members were arrested along with him Rene Denfeld spent over a decade following the evolution of street family culture She discovered that contrary to popular belief the majority of these teenagers hail from loving middle class homes Yet they have left those homes to form insular communities with cultish hierarchies codes of behavior languages quasireligions and harsh rules She reveals the extremes to which desperate teenagers will go in their search for a sense of community and builds a persuasive and troubling case that street families have grown among us into a dark reversal of the American ideal     The Detective's Quota David Cuomo, Elizabeth Pulido, For many years the Chicago south side
