Architecture, Gothic and Renaissance Thomas Roger Smith, 1880 Architecture: Gothic and Renaissance T. Roger Smith, 2021-01-01 The history the features and the most famous examples of European architecture during a period extending from the rise of the Gothic or pointed style in the twelfth century to the general depression which overtook the Renaissance style at the close of the eighteenth form the subject of this little volume I have endeavoured to adopt as free and simple a mode of treatment as is compatible with the accurate statement of at least the outlines of so very technical a subject

Preface **Architecture Gothic and Renaissance (Classic Reprint)** T. Roger Smith, 2017-12-26 T Roger Smith s Architecture Gothic and Renaissance will inform the reader on the history features and famous examples of great architectural works dating from the 12th century until the 18th century The book begins where many books would end with an illustrated glossary Smith s decision to open Architecture Gothic and Renaissance in this way is enormously beneficial to the reader particularly one who is not an expert in architectural terms Following this glossary and an introduction the book proceeds neatly through the ages with each chapter devoted to architecture in a different part of the world There is an examination of gothic architecture in England and continental Europe which has been divided into geographic regions There is also an examination of Renaissance architecture which focuses mainly on France and Italy but also explores other parts of the world The reader will conclude this book having gained a fairly detailed picture of European architecture in the periods highlighted Author T Roger Smith is nothing if not thorough From the opening glossary the reader is made aware that this book is intended for serious study Rarely does the book fail to provide fine details on the architectural concepts discussed Ultimately Architecture Gothic and Renaissance succeeds in furthering the knowledge of the reader in a relatively entertaining fashion Those keenly interested in architecture specifically Gothic and Renaissance works will doubtless find this to be an enjoyable read About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
