Physiological Aspects of Sport Training and Performance-2nd Edition Hoffman, Jay, 2014-03-07 This text contains an in depth discussion of physiological adaptation to exercise with a goal of providing practical applications to facilitate exercise prescriptions for a variety of athletes

Plant Propagation by Tissue Culture Edwin F. George, Michael A. Hall, Geert-Jan De Klerk, 2007-10-24 For researchers and students George's books have become the standard works on in vitro plant propagation For this the third edition of the classic work authors with specialist knowledge have been brought on board to cover the hugely expanded number of topics in the subject area Scientific knowledge has expanded rapidly since the second edition and it would now be a daunting task for a single author to cover all aspects adequately However this edition still maintains the integration that was characteristic of the previous editions The first volume of the new edition highlights the scientific background of in vitro propagation The second volume covers the practice of micropropagation and describes its various applications

Plant Hormone Signal Perception and Transduction A.R. Smith, A.W. Berry, N.V.J. Harpham, I.E. Moshkov, G.V. Novikova, O.N. Kulaeva, M.A. Hall, 2012-12-06 Studies of the perception and transduction of hormonal signals in higher plants are relatively recent Despite the rather small number of researchers involved in comparison say to those studying signalling in animals plant scientists are becoming attracted to this important field because of the fascinating mechanisms being revealed and the recognition that any hope of understanding the ways in which the growth and development of the whole plant are controlled can only be based on an exploration of the physiology biochemistry and molecular biology of these mechanisms The Moscow symposium that gave rise to the present book drew many of the most active workers in the area and many new developments were revealed Audience Important reading for all those interested in plant growth and development
