Multinational Business Finance David K. Eiteman,Arthur I. Stonehill,Michael H. Moffett,Chuck Kwok,1998 It easier for students to access a wider scope of global

business **Global Production** Eberhard Abele,Tobias Meyer,Ulrich Näher,Gernot Strube,Richard Sykes,2008-01-26
 Global production and purchasing operations create a platform for entry into new markets However it takes considerable effort to plan and implement a sustainable globalization strategy this book will help in that task The wealth of experience and analysis featured in this book is the result of an extensive survey among leading manufacturing companies as well as countless discussions with executives who have personally wrestled with the issues of going global The book treats the whole range of management challenges In breadth and depth the insights it offers surpass what a manager or most individual companies could acquire on their own **Risk Management** Michael Frenkel,Ulrich Hommel,Markus Rudolf,2004-11-23
 Dealing with all aspects of risk management that have undergone significant innovation in recent years this book aims at being a reference work in its field Different to other books on the topic it addresses the challenges and opportunities facing the different risk management types in banks insurance companies and the corporate sector Due to the rising volatility in the financial markets as well as political and operational risks affecting the business sector in general capital adequacy rules are equally important for non financial companies For the banking sector the book emphasizes the modifications implied by the Basel II proposal The volume has been written for academics as well as practitioners in particular finance specialists It is unique in bringing together such a wide array of experts and correspondingly offers a complete coverage of recent developments in risk management Risk Management, Speculation, and Derivative Securities Geoffrey Poitras,2002-07-12
 Its unified treatment of derivative security applications to both risk management and speculative trading separates this book from others Presenting an integrated explanation of speculative trading and risk management from the practitioner s point of view Risk Management Speculation and Derivative Securities is the only standard text on financial risk management that departs from the perspective of an agent whose main concerns are pricing and hedging derivatives After offering a general framework for risk management and speculation using derivative securities it explores specific applications to forward contracts and options Not intended as a comprehensive introduction to derivative securities Risk Management Speculation and Derivative Securities is the innovative useful approach that addresses new developments in derivatives and risk management The only standard text on financial risk management that departs from the perspective of an agent whose main concerns are pricing and hedging derivatives Examines speculative trading and risk management from the practitioner s point of view Provides an innovative useful approach that addresses new developments in derivatives and risk management

La Dette Extérieure ... Carreau-Shaw, Malcolm Nathan Shaw, 1995 The practical importance of the subject of The External Debt in contemporary international life goes without saying On the analytical level the interest and indeed the difficulty of the subject lies in the need for a multidisciplinary approach where political financial and legal aspects are closely linked and require a clear understanding From the purely legal point of view the traditional and largely artificial boundaries between private and public law between private international law and public international law and even more generally between municipal and international law are clearly marked here In this respect any analyst has to be a complete jurist and this collection of essays in English and French is an illustration of this fact
