meaningful change particularly towards improving the quality of educational provision for the majority of the continent's children. By reflecting on teacher professional development efforts and their place in broader education reforms, the book highlights the challenges of teacher CPD in these education contexts, contexts strongly shaped by endemic poverty, underdevelopment and social upheaval. The collection draws together examples of innovation and resilience and the valuing of teachers as critical role players enabled and empowered through their ongoing development as education professionals. Drawing together a wealth of experience, the volume identifies the policy and research implications for the future of CPD across the continent, providing important lessons that can be integrated into a post 2015 development agenda for Africa.

Making the Grade Nicholas Mocciolo, 2013. The single source reference on career advancement and exam taking skills for wherever you are in the exam process. The author shares a wealth of practical tips and techniques to increase your probability of passing every exam on your first try, just as he did. Information on actuarial organizations in the U.S. and Canada to help you navigate their educational programs and better understand possible career options and paths. A review of communications and leadership skills that will make you more marketable and facilitate your rise to the top. Specifically targeted to actuarial students. Please note: there are no returns on the digital version. The content of this volume will be found indispensable to anyone embarking upon a daunting process which is likely to devour a significant part of young adulthood. It should be included as no less a part of the employment package for an aspiring actuary than fringe benefit descriptions and a W-4 form. Robert W. Batten, FSA, Professor Emeritus of Actuarial Science, Georgia State University. This is the only book on the market that directly addresses how to successfully navigate the entire actuarial exam system. Students who read this book are likely both to improve their pass rate on exams and to experience less anxiety both before and after exam day. Robin Cunningham, Ph.D., FSA, Co-Author, *Models for Quantifying Risk*. Given that you can spend over 300 hours studying for just one actuarial examination, it is well worth an investment of two to three hours to read this fine summary of how to study for and write actuarial exams. Written in an easy style, this book is full of sound suggestions to improve your efficiency on these trying examinations. Not only that, but if you follow the advice given faithfully, it could just make the difference between receiving a six versus a five. Robert L. Brown, Ph.D., FSA, FCIA, ACAS, Professor Emeritus, University of Waterloo, President, Society of Actuaries, 2000-2001. I am impressed with the information and insight that you provided in the book. Your book gave me hope. I will be using your advice in the future. I especially liked your insight on communication and leadership skills. After reading your book, I am confident that I have a bright future in the field. Thank you so much for boosting my confidence. Kiran, Actuarial Student.
