Hospice Chaplain Manual:

Peaceful Journey Matthew P. Binkewicz, 2005 *Peaceful Journey* examines the spiritual issues facing terminally ill patients and their families. Each chapter introduces the reader to a person with a spiritual issue that needs immediate attention. The book opens with the story of an 85 year old African American woman who wonders if God hears her prayers. Other chapters explore loneliness, isolation, the dignity and value of every human being, honesty and openness, patience and persistence, why pain and suffering exist, the actual death and the soul's journey, and the importance of dreams, visions, and other end of life phenomena. The author graduated from Christ the Savior Russian Orthodox Seminary with a B Th and from the Catholic University of America with a M A in theology. He began working with the terminally ill in 1991 as a theology student. After his ordination to the priesthood in 1994, he began to provide spiritual care for his parishioners as well as hospice patients. He is now the Pastoral Care Coordinator and Bereavement Coordinator at Hospice of the Finger Lakes in Auburn NY. For additional information about the author, go to www.matthewpbinkewicz.com

Spiritual Care Reflections from a Hospice Chaplain Jr. Charles J Lopez, 2015-10-13 From the good sisters and monks of the 11th century, hospice care grew through the passions of 20th century people like Dame Cecily Saunders and Elizabeth Kubler Ross and into the recognized modality it is today of compassionate and palliative care for those who are on their final journey from this world. Pastor Lopez rightly fills this name as he reaches out not only to patients and their families but the team of nurses, doctors, social workers, and caregivers who offer their hands and hearts to those in need. Within these pages, you will find practical and compassionate words along with hands and a heart that knows the pain of loss and feet that are willing to accompany the reader on their journey.

The World of Hospice Spiritual Care Douglas G. Sullivan, 2017-05-18 *The World of Hospice Spiritual Care: A Practical Guide for Palliative Care Chaplains* offers a comprehensive study of spiritual care in hospice. Dr. Sullivan's ability to express the role of the spiritual counselor in creative and insightful ways is refreshing. Chaplains serve in interdisciplinary teams to relieve pain and suffering and to improve patients' quality of life. Members of hospice teams must have specialized knowledge in their area of expertise. Hospice chaplains must be familiar with other areas of hospice work and their functions because hospice care components interrelate. Working in the hospice environment offers tremendous satisfaction and challenges. Doug skillfully addresses those challenges and equips chaplains to allow God's presence to shine through them as they minister effectively in palliative care outreaches. This practical guide examines hospice movement history, philosophy, and concepts of care, program models, and interdisciplinary teams. Then Dr. Sullivan discusses the psychosocial and spiritual aspects of pain, spiritual assessments, and spiritual care plans, the role of spiritual care staff, grief, bereavement, and mourning, and staff grief and stress management. A thorough analysis of these topics introduces caregivers to the world of hospice, which helps the critical role of the spiritual counselor, hospice chaplain, to emerge. Thus, a better understanding of these concepts and the resulting increased technical competence allows hospice chaplains more freedom to impact patients.
