A Brief History of Imbecility Takamura Kotaro, 1992-07-01 Takamura Kotaro 1883-1956 drew on his studies in New York London and Paris to lay the foundations in Japan for Western style Japanese sculpture through his intricate wood carvings and powerful bronzes But Takamura also composed poems infused with startling energy directness and narrative clarity Among the first to use the vernacular masterfully in verse he has long been recognized as one of Japan's premier modern poets Takamura thus stood in the confluence of two artistic currents both shaping and being shaped by them His personal experiences from exultation to tragedy found expression through this dynamic Hiroaki Sato now captures a lucid picture of Takamura's eloquent struggle with art and with life Originally published in 1980 as *Chieko and Other Poems* this expanded volume includes a new introduction and a new selection of Takamura's essays on art and other subjects The poetry included here is divided into three parts The Journey represents a chronology of the poet's life Chieko is a selection of poems about Takamura's wife which describes his devotion to her for more than thirty years through courtship and marriage during her illness and insanity and continuing after her death and A Brief History of Imbecility is a sequence of twenty autobiographical poems composed in 1947 The essays appearing in English for the first time offer a more complete understanding of Takamura's relationship to art his complex experience of Paris and his views on beauty and creativity Included here are The Latter Half of Chieko's Life a moving prose complement to the Chieko poems and A Last Glance at the Third Ministry of Education Art Exhibition a scathing review of the modern art world the first of its kind in Japan

yourself *The Entangled Past* University of Calgary Archaeological Association. Conference, University of Calgary. Archaeological Association, 2000 Postmodernizing the Holocaust Marta Tomczok, 2024-01-22 Marta Tomczok presents all Polish postmodern novels about the Holocaust starting with *The First Splendor* by Leopold Buczkowski and ending with *The Suspected Dybbuk* by Andrzej Bart. She also presents their rich relationships with selected foreign language prose which intensified especially at the turn of the 20th and 21st centuries. The culmination of the entire trend is a discussion around two novels *Tworzy* by Marek Bie czyk and *Fly Trap Factory* by Andrzej Bart which reveals the aestheticizing and post memorial profile of Polish postmodernization and its advantage over the historiosophical trend. This monograph is not only the first such collection of post Holocaust postmodern novels but also the first comprehensive study of postmodernism in the literature about the Holocaust which thanks to comparative analysis tries to analyze and explain the circumstances of the appearance and later disappearance of this trend from cultural landscape of the world and Poland **Loving Mindy** Karen Erickson, 2014-07-28 Previously released as part of the *Stranded with a Hero* anthology. Now available individually. Mindy McKenzie's day has gone from bad to worse. First her ex whisked her kids away to attend his elopement leaving her alone for the holidays. And then the man whose heart she broke years ago winds up on her doorstep. Stranded. Josh Powers still has a body that can make her mouth water but unfortunately she's sure she missed her chance with him. Waiting out a storm with an attractive woman isn't normally a bad thing. But when it's the woman Josh Powers has never been able to get out of his head it's pure torture. Especially since he knows she'll never feel the same way. Mindy is just as sexy and tempting as he remembers but he can't risk his heart a second time. Each book in the Lone Pine Lake series is a standalone full length story that can be enjoyed out of order. Series Order Book 1 Jane's Gift Book 2 Tempting Cameron Book 3 **Loving Mindy** **Max Weber** Joachim Radkau, 2013-10-29 Max Weber 1864-1920 is recognized throughout the world as the most important classic thinker in the social sciences. There is simply no one in the history of the social sciences who has been more influential. The affinity between capitalism and protestantism, the religious origins of the Western world, the force of charisma in religion as well as in politics, the all embracing process of rationalization and the bureaucratic price of progress, the role of legitimacy and of violence as offsprings of leadership, the disenchantment of the modern world together with the never ending power of religion, the antagonistic relation between intellectualism and eroticism, all these are key concepts which attest to the enduring fascination of Weber's thinking. The tremendous influence exerted by Max Weber was due not only to the power of his ideas but also to the fact that behind his theories one perceived a man with a marked character and a tragic destiny. However for nearly 80 years our understanding of the life of Max Weber was dominated by the biography published in 1926 by his widow Marianne Weber. The lack of a great Weber biography was one of the strangest and most glaring gaps in the literature of the social sciences. For various reasons the task was difficult. Time and again attempts to write a new biography of Max Weber ended in failure. When Joachim Radkau's biography appeared in Germany in 2005 it caused a sensation. Based

on an abundance of previously unknown sources and richly embedded in the German history of the time this is the first fully comprehensive biography of Max Weber ever to appear Radkau brings out in a way that no one has ever done before the intimate interrelations between Weber's thought and his life experience He presents detailed revelations about the great enigmas of Weber's life his suffering and erotic experiences his fears and his desires his creative power and his methods of work as well as his religious experience and his relation to nature and to death By understanding the great drama of his life we discover a new Max Weber until now unknown in many respects and at the same time we gain a new appreciation of his work Joachim Radkau born in 1943 is Professor of Modern History at the Bielefeld University Germany His interest in Max Weber dates back nearly forty years when he worked together with the German American historian George W F Hallgarten Washington a refugee who left Germany in 1933 and who as a student listened to Weber's last lecture in summer 1920

Radkau's main works include *Die deutsche Emigration in den USA* 1971 *Deutsche Industrie und Politik* together with G W F Hallgarten 1974 *Aufstieg und Krise der deutschen Atomwirtschaft* 1983 *Technik in Deutschland* 1989 *Das Zeitalter der Nervosität* 1998 *Natur und Macht Eine Weltgeschichte der Umwelt* 2000 **Effortless Belonging** Oscar Willis

Mitchell, 2022-11-21 The Lost Science of Synchrony is the Lankavatara Sutra's thesis An ancient text based on an outlawed teaching gathered from the ruins of an obliterated dynasty it is heretical and revolutionary concerning doctrine and religion Hidden away as an esoteric treasure for 1600 years the single translation from Sanskrit to English required computer analysis to understand This book minimizes the esoteric and explains the limitations and challenges of human potential its relevance is life changing The ancients gave us a basis to understand who we are and how to go beyond our animal limitations into a wellbeing beyond our wildest dreams This challenging book reveals a whole new paradigm beyond imagination and discrimination Like Everest it's not for the faint hearted but man what a view Effortless belonging is the greatest desire of sentient awareness and the pinnacle of consciousness driven by destiny and nature as something we are called to experience In this book a vocabulary and basis to understand our authentic nature is revealed in a spiraling staircase of logic without esoteric obscurity It's as simple as the pause between thoughts and as profound as a surprise which keeps you awake at night
