Aid from International NGOs Dirk-Jan Koch, 2009-02-03 International NGOs are increasingly important players within the new aid architecture but their geographic choices remain uncharted territory This book focuses on patterns of development assistance mapping while analysing and assessing the country choices of the largest international NGOs Koch's approach is interdisciplinary and uses qualitative quantitative and experimental methods to provide a clear insight in the determinants of country choices of international NGOs The book aims to discover the country choices of international NGOs how they are determined and how they could be improved This work which uses a dataset created specifically for the research comes to the conclusion that international NGOs do not target the poorest and most difficult countries They are shown to be focussing mostly on those countries where their back donors are active Additionally it was discovered that they tend to cluster their activities for example international NGOs also have their donor darlings and their donor orphans Their clustering is explained by adapting theories that explain concentration in for profit actors to the non profit context The book is the first on the geographic choices of international NGOs and is therefore of considerable

academic interest especially for those focusing on development aid and third sector research Furthermore the book provides specific policy suggestions for more thought out geographic decisions of international NGOs and their back donors

Crowdsourced Geographic Information Use in Government Mordechai Haklay; Vyron Antoniou; Sofia Basiouka; Robert Soden; Peter Mooney, The acceptance of volunteered geographic information VGI as a valued and useful source of information for governments is growing at all levels Put simply VGI is crowdsourced geographic information provided by a wide range of participants with varying levels of education knowledge and skills see Michael Goodchild s writing for the original definition of the term While a growing body of research demonstrates the reliability and accuracy of VGI when compared to official or government produced data sets the progression towards their adoption and wider use is slow There are a range of mechanisms and methods available for ensuring that crowdsourced information is fit for purpose so concerns about data quality are not the major reason for the lack of adoption Instead organizational practices regulations and legal issues limit the rate of change This report is based on a six month study of the use of VGI by government and aims to provide a guide for the successful implementation of VGI

Health Geography in Sub-Saharan Africa Joseph Asumah Braimah, Elijah Bisung, Vincent Kuire, 2023-08-22 This volume creates a platform to showcase health geography research from countries in sub Saharan Africa SSA and draws on theoretical and methodological innovations to initiate a discussion on the complexities of the issues impacting health in the region Through theoretically and empirically grounded contributions from a variety of researchers working across SSA the book addresses a wide range of topics that are usually treated separately when discussing health geography in the region By bridging the social science and health disciplines the book introduces new ways of thinking temporally and spatially about these topics in non geography contexts as well In 4 sections the text will broadly appeal to students researchers teachers policy makers and global health professionals Section 1 addresses the social determinants of health including gender disability and other inequities and inequalities associated with healthcare access Section 2 discusses the environmental determinants of health such as food security water and sanitation mining and climate change Section 3 focuses on current and emerging challenges to health in SSA including ageing non communicable disease and infectious diseases Section 4 concludes the text by discussing the need to develop social and environmental intervention policies and strategies to address health challenges in SSA
