More Than Words Maryellen MacDonald, PhD, 2025-06-03 This beautifully written book by Maryellen MacDonald demonstrates how word work shapes both our experience of the world and the very brain that produced our capacity to articulate and generate our best thoughts MARYANNE WOLF author of Proust and the Squid and Reader Come Home Humans are the only species that can transform internal ideas into talk whether through speech writing or sign language But why do we have this almost magical special talent It turns out that while talking allows us to share ideas and connect with one another it isn't just for communication Other benefits of talking stem from the fact that it is hard work we can understand speech up to 50 percent faster than we can create it ourselves The complex processes in the brain that allow us to talk spill over and impact other areas of our lives in surprising ways In this groundbreaking book Maryellen MacDonald a researcher and psycholinguist explores the marvel and mental task of talking and offers an eye opening look at how it shapes everything from our attention memory and the way we learn to how we regulate our emotions and our cognitive health as we age Filled with fascinating insights More Than Words reveals how languages all over the world bend to the demands of talking how talking helps us set goals and acts as a learning engine the link between speech patterns and mental illness why conversations in classrooms are crucial how talking can amplify the talker's political polarization how talking can slow cognitive decline as we age Engaging and illuminating More Than Words has lessons that have the power to transform education policy parenting psychology and more It is a sweeping and provocative look at a fundamental human behavior we take for granted *More Than Words: Song Lyrics Trivia* Brendan Deegan, 2007-08-21 From selected key lyrics provided name the song artist or composer in this music trivia book Chapters include WHAT'S NEW GOLDEN OLDIES TELEVISION'S GREATEST HITS and WORST LYRICS EVER to name just a few Whether you are eight or eighty there is something here to challenge everyone The open ended play structure lets you set the rules and challenge your friends You will find yourself singing out loud as you try naming these classic songs Never before has a book brought back so many memories and been so addictive BE SURE TO TRY A FEW QUESTIONS IN THE BOOK PREVIEW *More Than Words Secondary 4* , [More Than Words Secondary 1](#) , **More Than Words** Miles L.
