themes are married to the darker gravity of ruthless ambition bitterness through heartbreak and unspeakable loss and a rage and vengeance that twists and burns **Light Infantry of the Greek and Roman World** Jean Charl du Plessis,2024-10-30

Ancient accounts of battle often neglected the role of lightly armed infantry presenting the deeds of the heavy infantry such as Greek hoplites or Roman legionaries or dashing cavalry charges as the decisive battle winners This bias was partly due to the light infantry typically being drawn from the poorer sections of society who could not afford to equip themselves with armor and because they generally fought from a distance killing from afar with missile weapons not bravely face to face like heroes worthy of recording Modern research has generally followed this bias Dr Jean Charl Du Plessis argues that while light infantry might have had a subordinate role in pitched battles such clashes were relatively rare occurrences Most ancient campaigns consisted mostly of foraging raiding and pillaging of enemy territory minor skirmishes and ambushes all roles in which light infantry excelled In particular they were indispensable for an army traversing mountainous or forested terrain Moreover he shows that even in pitched battles they were far from useless and made a valuable contribution typically harassing the enemy as they deployed and screening friendly battle lines from similar treatment Some such as Cretan archers or Balearic slingers were highly sought after specialists Uniquely the author draws on years of practical experimentation to demonstrate and test the various weapons used slings bows and javelins including the use of the amentum throwing strap This yields fresh evidence and insights into matters such as range penetrative power and the level of skill and practice required Overall this is a valuable study of these forgotten heroes of ancient warfare **The Sorcerer's**
