historically played by race in determining systems of social and political powerlessness it also prefigures other ways in which Caribbeanness is currently negotiated at local and international levels ranging from the stigmatization of the ill to the global fetishization of the region's physical beauty material degradation and political stagnation Positioned at the intersection of literary and anthropological study *Vulnerable States* will appeal to Caribbeanists of the three major language areas of the region as well as to postcolonial scholars interested in issues of race gender and nation formation **Elegant Techniques**, 1992 Catalog of an exhibition organized by Istituto Italiano per il Commercio Estero Italian Trade Commission Assarredo Italian Association of Furniture Manufacturers City of Chicago Department of Cultural Affairs held October 9 December 13 1992 at the Chicago Cultural Center *The Automobile Engineer*, 1955 *Motor Trend*, 1969 **Sports Cars Illustrated**, 1963
