Burnett** French, 1900 **The French Language and British Literature, 1756-1830** Marcus Tomalin, 2016-03-31 From the 1750s to the 1830s numerous British intellectuals novelists essayists poets playwrights translators educationalists politicians businessmen travel writers and philosophers brooded about the merits and demerits of the French language The decades under consideration encompass a particularly tumultuous period in Anglo French relations that witnessed the Seven Years War 1756 1763 the American War of Independence 1775 1783 the Revolutionary and Napoleonic Wars 1792 1802 and 1803 1815 respectively the Bourbon Restoration 1814 1830 and the July Revolution 1830 not to mention the gradual expansion of the British Empire and the complex cultural shifts that led from Neoclassicism to Romanticism In this book Marcus Tomalin reassesses the ways in which writers such as Tobias Smollett Maria Edgeworth William Wordsworth John Keats William Cobbett and William Hazlitt acquired and deployed French This intricate topic is examined from a range of critical perspectives which draw upon recent research into European Romanticism linguistic historiography comparative literature social and cultural history education theory and translation studies This interdisciplinary approach helps to illuminate the deep ambivalences that characterised British appraisals of the French language in the literature of the Romantic period **Primary Languages: Effective Learning and Teaching** Cynthia Martin, 2008-10-16 Primary languages are to be an entitlement for all pupils in KS2 from 2010 There is therefore a need to ensure that trainee primary teachers are equipped with the required skills knowledge and understanding to contribute to this process This book supports specialists and also non specialist trainees with an interest in MFL who may need to deliver languages across the curriculum providing them with a clear understanding of the methodology and helping them to develop linguistic competence and confidence Parliamentary Papers Great Britain. Parliament. House of Commons, 1914 **Improving Literacy at KS2 and KS3** Andrew Goodwyn, 2002-06-28 Improving Literacy at KS2 and KS3 is all about primary secondary transfer seen mostly through the eyes of secondary teachers but with some interesting contributions from middle school staff who know the territory well This book sees the NLS s influence on primary practice as generally benign but takes a more jaundiced view of the implications for secondary teaching especially in its central chapter Evidence from experienced practitioners There are however many useful suggestions for reshaping and adapting parts of the strategy including chapters on classroom literacy and everyday life and literacy and drama which consider ways of relating learning to the wider culture beyond school including screen based literacy There is also a review of the language across the curriculum movement and a chapter on subject literacies which has left me with an abiding admiration for geography teachers as lone voices of dissent Sue Palmer TES Teacher This book will to help students and practising teachers to understand the issues surrounding literacy the place of transition in pupils lives and to feel confident in handling The

National Literacy Strategy The book focuses on the crucial period when children complete primary schooling and begin in secondary schools It examines the issue of transition from one phase to the other and specifically the nature of literacy at this period The authors contrast the whole school approach of primaries to the very subject specific nature of secondary teaching The authors set the NLS in perspective reviewing earlier movements such as Language across the Curriculum and the NLS itself They offer a critique of the strategy and outline its strengths and weaknesses The book sets out evidence of the way schools are reacting to the NLS and what classroom teachers and their pupils think Its coverage is comprehensive and includes focus on primary secondary and middle schools the teaching of literacy and English the role of ICT as well as important areas such as media education drama and modern foreign languages This book will be useful to education students and to practicing teachers in primary and secondary schools
