Tip:

- Find the vocabulary handouts in your notebooks that we have been doing all semester, these will help you
- **RegentsPrep.org** – Practice multiple choice, essay topics, reading sections for the things you forgot
- **FlashPrep.org** – Practice multiple choice, essay topics, games on topics
- **StudyStack.com** – Flash cards on random topics 1,200 total, in the search box type Global Regents NYC You can do this right on the computer or print them out.
- **Flash Card Apps** – Many students have already made the flash cards, you can add the ones you want to your study list. Then you can add your own as you go!

Don't do this:

- Sleep until the night before; you do not want to be groggy, sleepy or lazy during this test.
- Eat breakfast. When you don't eat your brain isn't at the first part of your body to suffer.
- Relax & Let it Go. No one in the history of the world does anything better when they are freaking out. Except maybe Einstein in 1915. If there is something going on outside of school, in your personal life, or you're mad at someone in school, now is not the time. You have a few hours to shred off all of your hard work, letting someone or something get to you is letting them win.

Discipline Problems Tadashi Dozono, 2024-05-07 Angel a Black tenth grader at a New York City public school self identifies as a nerd and likes to learn But she s troubled that her history classes leave out events like the genocide and dispossession of Indigenous people in the Americas presenting a sugar coated image of the United States that is at odds with her everyday experience The history I learned in school is simpler she says The world I live in is a lot more complex Angel like every student interviewed in Discipline Problems has been identified by teachers as a troublemaker a student whose behavior disrupts classroom norms and interferes with instruction But her critiques of the curriculum she s taught speak to her curiosity and insight crucial foundations for understanding history Like many students who have been marginalized by systemic racism in American schools she exposes the shortcomings of her classrooms academic environments by challenging both the content and the methods of her education All too often these challenges are framed as troublemaking and the students are disciplined for acting out instead of being rewarded for their intellectual engagement Tadashi Dozono a professor of education and former high school social studies teacher takes seriously the often overlooked critiques that students of color who get labeled as troublemakers direct toward their high school history curriculum He reinterprets troublemaking usually cast as a behavioral deficit as an intellectual asset and form of reasoning that challenges the disciplining reason of classrooms where whiteness is valued over the histories and knowledge of people of color Dozono shows how what are traditionally framed as discipline problems can be seen through a different lens as responses to educational practices that marginalize non white students Discipline Problems reveals how students of color seek out alternate avenues for understanding their world and imagines a pedagogy that champions the curiosity intellect and knowledge of marginalized learners
