Mergers, Acquisitions, Divestitures, and Other Restructurings Paul Pignataro, 2015-01-06 The authoritative resource for analyzing mergers and acquisitions M A from every angle Paul Pignataro reveals the secrets behind growth through M A in his new book Mergers Acquisitions Divestitures and Other Restructurings Website Through market shifts and regulatory changes M A has served as a solid approach to growth Creating value through mergers and acquisitions is a highly coveted strategy

and Wall Street has long sought a clear technical understanding of the components of M A as a key driver of growth. In this book, the author provides that understanding, covering all essential aspects of accounting and modeling for the M A process. With over a decade of experience aiding billion dollar restructuring deals, Paul Pignataro is in an excellent position to break down M A from a finance standpoint. Mergers, Acquisitions, Divestitures, and Other Restructurings covers the financial accounting and modeling behind several M A structures. Using the merger of Office Depot and Office Max, Mr. Pignataro fully addresses the entire integration, explains EBITDA, and other crucial performance measures. This text is for finance practitioners who want to explore every corner of the M A process. Learn accounting for asset acquisitions, asset divestitures, and corporate mergers. Explore modeling methods, including mini merger modeling and fully consolidated merger modeling. Read case studies demonstrating the practical success of theoretical models. Understand EBITDA, cash flow, capital structure, and their impact on M A success and value creation. This new text from the CEO and founder of the New York School of Finance is key for understanding how restructuring leads to growth and value creation. The importance of M A shows no signs of slowing, meaning that finance professionals need to be able to accurately analyze the prospects and impacts of restructuring moves. Mergers, Acquisitions, Divestitures, and Other Restructurings Website is the authoritative resource for doing just that.

Fibre & Fabric, 1926 **Supporting and Educating Traumatized Students** Eric Rossen, 2020-01-29. Traumatic or adverse experiences are pervasive among school-aged children and youth. Trauma undermines students' ability to learn and manage their feelings, behavior, and relationships. Meanwhile, school-based professionals often struggle with responding to the complex needs of traumatized students within the typical school day. The second edition of Supporting and Educating Traumatized Students is designed for professionals in mental health and education settings and combines content and expertise from experts in the fields of education, school psychology, school administration, resilience, and trauma into one comprehensive guide. The book provides a thorough background on current research in trauma and its impact on school functioning, administrative and policy considerations, and a broad set of practical and implementable strategies for adapting instruction, modifying the classroom environments, and building competency for students and staff. New chapters address topics such as post-traumatic growth, interpersonal violence, and trauma screening and assessment, among others. Educators can continue to use this updated edition as an ongoing resource with the ability to quickly and easily access a variety of school-based strategies to help improve educational and social outcomes for

traumatized students      Geographies, Mobilities, and Rhythms over the Life-Course Elaine Stratford, 2014-11-20 By thinking in terms of the geographies of mobilities we are better able to understand the central importance of movements rhythms and shifting emplacements over the life course This innovative book represents research from a new and flourishing multidisciplinary field that includes among other things studies on smart cities infrastructures and networks mobile technologies for automated highways or locative media mobility justice and rights to stay or enter or reside These activities cadences and changing attachments to place have profound effects first upon how we conduct or govern ourselves and each other via many social institutions and second upon how we constitute the spaces in and through which our lives are experienced This scholarship also has clear connections to numerous aspects of social and spatial policy and planning

Construction Digitalisation Douglas Aghimien, Clinton Aigbavboa, Ayodeji Oke, Wellington Thwala, 2021-07-25 This book explores construction digitalisation particularly in developing countries The book conceptualises a digitalisation capability maturity model that will enable construction organisations to self assess and benchmark their digital capabilities in their quest for digital transformation Digitalisation offers a significant solution to the age long problems of the construction industry Research shows that when construction organisations transform from a traditional service delivery approach to a more digitalised approach significant improvement in project delivery and better competitive advantage for these organisations will be attained The attainment of these benefits is evident in developed countries where the digitalisation of construction activities continues apace Unfortunately the story is not the same for construction organisations in developing economies While some organisations might be willing to be digitally transformed most have no clue how to go about it To this end this book provides guidelines for construction organisations seeking to transform their entities digitally Its content is a valuable read for construction company owners as it provides a model which they can use in the digitalisation of their activities Also regulatory bodies in the construction industry can adopt the capabilities identified in the book as essential prerequisites for their members Furthermore the book serves as excellent theoretical background reading for management researchers seeking to expand their knowledge on the digitalisation of the construction industry and other associated industries
