Guided Highlighted Reading Samples:

Guided Highlighted Reading Barbara A. Nelson, Elaine M. Weber, Cynthia Lynn Schofield, 2012 In Guided Highlighted Reading teachers of grades 4-12 learn an easy and effective text-based strategy that scaffolds all students to return to a complex or difficult text for four different reading purposes. This resource uses prompts not questions to build competency with difficult and complex text for four close reading purposes for any content area: Reading comprehension, Author's craft, Tier II vocabulary acquisition, and Answering multiple choice questions on high-stakes assessments. Sample passages from ELA Appendix B of the Common Core State Standards are prepared for student use for all purposes along with how-to directions, rubrics for assessing mastery of reading comprehension and author's craft, and an alignment of the four purposes to the CCSS. Guided Highlighted Reading is a go-to resource for teachers to help students navigate complex texts and meet the rigorous requirements of the CCSS. *Reading to the Core* Elaine M. Weber, Cynthia Schofield, 2013-12-27 Close, critical, and generative reading can be broken down into five key questions that a strategic reader must answer: What does the text say? How does the author say it? What does the text mean? What does it mean to me? What insights can I now gain? In this resource, the authors show that insight into these questions is the key to comprehending text. The authors provide tools such as mining charts, assessments, progress monitoring charts, and rubrics to strengthen the teaching and use of strategies including guided highlighted reading for craft, finding the element of argument in text, reading multiple texts for theme, and evaluating visual text. A culminating chapter provides a blueprint for creating a literacy action plan for classroom, school, and district that highlights students' growth and documents teacher effectiveness. *Guided Reading Passages* Antony Cole, Reading Comprehension Education, 2017-08-27 Guided Reading Passages Guided Reading Activities Passages with Text Evidence Questions for 1st Grade Information Help your students become text detectives. This guided reading strategies comprehension packet, which includes 15 reading passages, is designed to help kids become confident readers. Levels G and H text and answering text-based questions. These passages are perfect for close reading lessons. Four multiple choice questions and three short answer questions are included with each passage. As students are learning to use evidence to support their thinking, I have them find and highlight the section of text they use to justify their answer. Two options include color-coded highlighting. Students highlight the answer to each question in a different color. Numbered highlighting: Students highlight evidence within the text and then write the question number beside the highlighted evidence. Supports the following standards: Common Core Standards ELA Literacy RI.1.1 and ELA Literacy RL.1.1. Ask and answer questions about key details in a text. These passages are also useful for choral reading, fluency work, and literacy centers. I often have students go on scavenger hunts to find and highlight words with long vowels, words with specific endings, words from our word wall, etc. The following passages are included: The Bald Eagle, Otters, Skunks, Trees, King Penguins, The Polar Bear, Measuring with Paper Clips, Time for School, The Red Flower, The Orca, Sue's Painting. Guided reading questions. And More. Many thanks for stopping.
