English Literature By contrast Sierz demonstrates that genres such as the British musical light comedy sex farce or murder mystery are worth appreciating not only for their intrinsic theatrical qualities but also as examples of the dream life of the British people The book challenges the idea that mega hits are merely escapist entertainments and instead shows how they contribute to the creation of powerful myths about our national life The analysis of such shows also points towards the possibility of creating an alternative history of postwar British theatre John Osborne's Look Back in Anger Aleks Sierz,2008-03-10 Look Back in Anger is one of the few works of drama that are indisputably central to British culture in general and its name is one of the most well known in postwar cultural history Its premiere in 1956 sparked off the first new wave of kitchen sink drama and the cultural phenomenon of the angry young man The play s anti hero Jimmy Porter became the spokesman of a generation Osborne s play is a key milestone in new writing for British theatre and the Royal Court which produced the play has since become one of the most important new writing theatres in the UK Tribune for Victory and Socialism ,2007 **Chess Life** ,2003
