Learning Concepts in Technology and Engineering Marc J. de Vries, 2025-03-20 Technology education has developed from a craft oriented subject to a richer partly cognitive subject For this latter part a disciplinary basis is needed Furthermore the disciplinary basis for the T has to be seen more and more in the context of the disciplinary basis for the other STEM subjects

This book offers such a disciplinary basis. It can be used for curriculum development, research, and teaching. The book brings together insights from philosophy of technology about the meaning of the various concepts that form the disciplinary basis and pedagogical insights into learners' possible preconceptions as well as strategies to teach and learn these concepts.
