Jennercide Mike Scantlebury,2018-07-04 Mickey doesn't often make a mistake but this time it's a bad one and a man dies Not that Mickey knew Dr Jenner very well or even understood what the scientist was asking him to do Mickey had been told the Doctor worked for a multi national food and chemical company and that he had got himself in trouble for being a whistle blower but as to what secrets the researcher knew or what damage it could cause Mickey had no idea But then he finds out Mickey goes to see the family and finds they are being harassed The Doctor is dead but the persecution goes on Mickey feels sorry for them It's a dangerous emotion At first all he wants to know is who killed Dr Jenner but investigating that leads Mickey deeper and deeper into the world of food trading chemicals and even Genetically Modified food and seeds There's big money at stake Some companies will stop at nothing to make a profit Is this what Dr Jenner found out Is this why there's such a crusade against him his family and his company Mickey can't help but get involved He wants to do what's right especially after his girlfriend Melia is attacked too He has to protect her If only she wasn't pregnant The Museum Curator Bruce Allsman,2021-05-01 The Museum Curator a suspense thriller novel by Bruce Allsman When accompanying her husband on a business trip to a city in Eastern Europe Serena Crown and her four year old daughter Allison spend a day at a vast private museum while her husband Tom Crown attends a business meeting At the museum Serena and Allison enjoy a wonderful time together until a sudden power outage disrupts them Seconds later when the power resumes Serena finds Allison missing Her initial effort to search for Allison ends in failure Desperate for help she seeks the assistance of the security chief and as directed by the curator they close the museum temporarily to conduct a thorough search but they could not find Allison anywhere Her nightmare begins when she discovers that Allison is being held captive somewhere inside the museum by human traffickers who intend to ship her child out before midnight **My Cave My View** Gary Torres,2011-10 Gary has used a Twain like humor with a folksy small town snapshot of life to make us stop and reconsider our own life He opens up with humor and tenderness that will bring laughter and tears from the same page as he paints pictures of the people places and activities that surround him He and his dog Turbo his too kind and loving wife and four children are the innocents abroad on a raft made of love pain laughter and hope that is floating the mighty Mississippi of life somewhere in the West From his experience raising kids fighting cancer running marathons his insights are like barbs on a fence that grab hold of you Each section of the book contains small snippets of life and insights that make the reader pause to laugh at the character and themselves BATTLE OF THE SEXES There it is one blanket one bed two people It is almost certain that someone is going to be cold tonight Oh sure we act cordial enough remove our slippers plump our pillows shake the sheets then position the mutual blanket and snuggle in for a good night's sleep a wonderful ending to the age old battle of the sexes A temporary truce of sorts can't live with em can't live without em YOU DRIVE ME CRAZY You drive me crazy There was a time when my wife said those words and that was a good thing Now when she says those words it is with a different tone and

a different meaning It s more like YOU DRIVE ME CRAZY And after being married and having kids I have come to decide that it is the little things that will eventually drive a person crazy BAGS CHAPSTICK AND SHOPPING I m sitting here in my cave talking to my dog Turbo Do ya think that we ll ever understand women He looked up smiled and wagged his tail I think he thought I said Would ya like a bite of my sandwich Whenever I talk he must always think I say that because he always smiles and wags his tail the same way MYOWN EMERGENCY ROOM VISIT Well I can tell you one thing Don t be going to the hospital if you want to get rest and relaxation Just about the time I would fall asleep some nurse would come in and shake me and say How ya feeling Are you getting plenty of rest I need some more blood This is going to sting just a tiny bit And proceed to play pin the tail on the donkey again Frankly I was tired of the game and didn t want to be the donkey anymore although many think I am a natural for the part If Only You People Could Follow Directions Jessica Hendry

Nelson,2013-12-31 If Only You People Could Follow Directions is a spellbinding debut by Jessica Hendry Nelson In linked autobiographical essays Nelson has reimagined the memoir with her thoroughly original voice fearless writing and hypnotic storytelling At its center the book is the story of three people Nelson s mother Susan her brother Eric and Jessica herself These three characters are deeply bound to one another not just by the usual ties of blood and family but also by a mother s drive to keep her children safe in the midst of chaos The book begins with Nelson s childhood in the suburbs of Philadelphia and chronicles her father s addiction and death her brother s battle with drugs and mental illness her own efforts to find and maintain stability and her mother s exquisite power grief and self destruction in the face of such a complicated family dynamic Each chapter in the book contends with a different relationship friends lovers and strangers are all play but at its heart the book is about family the ties that bind and enrich and betray us and how one young woman sought to survive and rise above her surroundings Recent Advances in Parallel Virtual Machine and Message Passing Interface Jack
