Hartzell,2022-01-15 According to Jesus discipleship isn t an option It s a commission that all are to invest in A disciple is defined as someone who not only accepts the teachings of Jesus Christ but also helps spread these teachings into all corners of the world Many accept the teachings of Jesus Christ as truth but few are willing to share these teachings with others The truth is most Christians don t feel that they are equipped well enough to spread the Gospel Radical Change is a tool for churches and individuals to equip them to be trained up to observe all that Jesus commanded The church today does a great job of celebrating when someone gives their life to Christ and rightfully so as even Jesus says there is more rejoicing in heaven over one sinner that repents than ninety nine righteous people that don t need to repent However I feel that church fails and leaves them at the altar wondering what to do from there We celebrate and then send them back into the wilderness to fend for themselves hoping they will return next week The great commission is to make disciples and I don t

believe this is done through midweek Bible studies Jesus called twelve individuals who would eventually turn the world upside down He was more interested in the investment instead of the size of the congregation The generation coming to the altar today doesn't have the support group at home to help them along this transformation journey If we are going to make disciples to go into all nations then the church has to take ownership of making the disciples I wrote this book to help churches invest in the sinner at the altar with the goal to get them to the cross over
