Give Me A Reason:

Cupid, the Devil and an Angel Laurie Lyle, 2012-07 The Naked Truth Allen Richey, 2013-02-11 The Naked Truth by poet Allen Richey is a story about a never ending love between a man and a woman a relationship that will last forever and a day The context is of raw emotion put into words it is not for the faint of heart This story is a wild ride with its ups and downs laughter and tears A few say that while in love only the strong survive but sometimes it takes a strength outside ourselves to survive some of the things we live through While writing of life and love Richey also mixes his poetry with politics ideas of spirituality and some Native American wisdom The writing is not meant to be offensive but rather thought provoking Some of the poems hit hard at the realities of life such as the cruelties of a tax system and simply becoming a slave to a job Taxpayer Blues or surviving the hardships of life New Beginnings Each and every poem was born from a personal experience of Allen Richey but in a broader sense the compilation explores the real life circumstances that we all live through daily In essence Richey's poems touch the soul and help one look past the veil *Behind Closed Doors* Tapiwa Latlhang, 2019-03-05 There is always more than what just meets the eye This is a poetical novel with poems penned for readers to acknowledge the different perspective there always is to how we all view things There is a lot that goes on behind closed doors and some things are worth discussing in whispering **The Humanity of Private Law** Nicholas McBride, 2018-12-27 The Humanity of Private Law presents a new way of thinking about English private law Making a decisive break from earlier views of private law which saw private law as concerned with wealth maximisation or preserving relationships of mutual independence between its subjects the author argues that English private law's core concern is the flourishing of its subjects THIS VOLUME presents a critique of alternative explanations of private law defines and sets out the key building blocks of private law sets out the vision of human flourishing the RP that English private law has in mind in seeking to promote its subjects flourishing shows how various features of English private law are fine tuned to ensure that its subjects enjoy a flourishing existence according to the vision of human flourishing provided by the RP explains how other features of English private law are designed to preserve private law's legitimacy while it pursues its core concern of promoting human flourishing defends the view of English private law presented here against arguments that it does not adequately fit the rules and doctrines of private law or that it is implausible to think that English private law is concerned with promoting human flourishing A follow up volume will question whether the RP is correct as an account of what human flourishing involves and consider what private law would look like if it sought to give effect to a more authentic vision of human flourishing The Humanity of Private Law is essential reading for students academics and judges who are interested in understanding private law in common law jurisdictions and for anyone interested in the nature and significance of human flourishing Ethics in the Conflicts of Modernity Alasdair MacIntyre, 2016-11-14 MacIntyre explores the philosophical political and moral issues encountered in understanding what the virtues require in contemporary social contexts **Practical Reality** Jonathan

Dancy,2000 This text discusses why we do things and the reasons why we should It maintains that current philosophical orthodoxy bowdlerises this relation making it impossible to understand how anyone can act for a good reason *Epistemic Authority* Linda Trinkaus Zagzebski,2012-11-29 Gives an extended argument for epistemic authority from the implications of reflective self consciousness Epistemic authority is compatible with autonomy but epistemic self reliance is incoherent The book argues that epistemic and emotional self trust are rational and inescapable that consistent self trust commits us to trust in others and that among those we are committed to trusting are some whom we ought to treat as epistemic authorities modelled on the well known principles of authority of Joseph Raz Some of these authorities can be in the moral and religious domains The book investigates the way the problem of disagreement between communities or between the self and others is a conflict within self trust and argue against communal self reliance on the same grounds as the book uses in arguing against individual self reliance The book explains how any change in belief is justified by the conscientious judgment that the change will survive future conscientious self reflection The book concludes with an account of autonomy Publisher s description

Judges and Adjudication in Constitutional Democracies: A View from Legal Realism Pierluigi Chiassoni,Bojan Spaić,2020-12-11 The book offers contributions to a philosophical and realistic approach to the place of adjudication in contemporary constitutional democracies Bringing together scholars from different legal and philosophical backgrounds the book purports to cast light on the role s of judges and the function of judicial interpretation inside of constitutional states from the standpoint of legal realism as a revisited and sophisticated jurisprudential outlook In so doing the book also copes with a few major jurisprudential issues like e g determining the ideas that make up the core of legal realism exploring the relation between legal realism and legal positivism identifying the boundaries of judicial interpretation as they appear from a realist standpoint as well as considering some skeptical outlooks on the very claims of contemporary legal realism

Angels & Dreams Aron Lewes,2022-07-01 Enjoy a collection of three YA paranormal romances in Angels Dreams which includes the first three novels in the School for Spirits series In A Dead Girl and a Samurai the newly deceased Leigh Riley is introduced to the School of Spirits where she finds herself caught between a suave Archangel and a samurai instructor In Final Test rebellious Alyx is forced to undergo a second round of Spirit School with an instructor who s impossible to impress In Rebel Archangel Archangel Jophiel is punished for his misdeeds and finds himself sneaking into a young lady s dreams The collection also includes a copy of the novella The Ghost of Redemption where a lonely spirit guide helps a equally lonely man reunite with his daughter **The Point of View of the Universe** Katarzyna de Lazari-Radek,Peter Singer,2014-05-22 What does the idea of taking the point of view of the universe tell us about ethics The great nineteenth century utilitarian Henry Sidgwick used this metaphor to present what he took to be a self evident moral truth the good of one individual is of no more importance than the good of any other Ethical judgments he held are objective truths that we can know by reason The ethical axioms he took to be self evident provide a foundation for utilitarianism He supplements this foundation with an argument

that nothing except states of consciousness have ultimate value which led him to hold that pleasure is the only thing that is intrinsically good Are these claims defensible Katarzyna de Lazari Radek and Peter Singer test them against a variety of views held by contemporary writers in ethics and conclude that they are This book is therefore a defence of objectivism in ethics and of hedonistic utilitarianism The authors also explore and in most cases support Sidgwick s views on many other key questions in ethics how to justify an ethical theory the significance of an evolutionary explanation of our moral judgments the choice between preference utilitarianism and hedonistic utilitarianism the conflict between self interest and universal benevolence whether something that it would be wrong to do openly can be right if kept secret how demanding utilitarianism is whether we should discount the future or favor those who are worse off the moral status of animals and what is an optimum population
