

Chapter 1

Answer the following questions:

1. Do you think that Pip's being an orphan affected his life? Why? Give your answer in three sentences at most.
 - Yes, he led a miserable life. He had no one to look after him but his sister who treated him badly.
2. If you were in Pip's place, would you bring the file and food to the stranger? Why?
 - Yes, because I would be afraid of the stranger.
 - No, I would tell my sister and Joe what happened at the marches and ask for their help.
3. Do you think that Pip's older sister led a happy life with her husband? Why?
 - No, because she thought it was bad enough being a blacksmith's wife
4. What do you think would have happened if Pip had told his sister about his behaviour with the convict?
 - She would have punished him for stealing the food and the file.
5. "Suddenly, we heard angry shouts nearby. I was afraid of what was about to happen." What do you think was about to happen?
 - Everyone would know that Pip had helped the convict.
6. Should Pip have told the soldiers about the convict? Why?
 - Yes, because he was a criminal. He should be punished for escaping from prison.
 - No, he shouldn't, because he felt that it was his duty not to tell anyone where he was.

Chapter 2

Answer the following questions:

1. What do you think might have happened if Joe had gone to school?
 - He wouldn't have worked as a blacksmith.
 - He might have become a gentleman.
 - He wouldn't have married Pip's sister.
2. If you were in Pip's place, would you make friends with Joe? Why?
 - Yes, because he treats me well and I trust him.
3. "Then she jumped on me like an eagle on a lamb," said Pip. What did these words reflect about the relationship between Pip and his sister?
 - She doesn't treat her brother well. She had never wished to look after him. Pip probably doesn't like her.
4. The house looked unused and most of the doors were closed. Everything was dark inside. Do you think this atmosphere reflected the circumstances Mrs Havisham had lived in? Why?
 - Yes, as she herself was depressed and never wanted to deal with others after her fiancé had left her on her wedding day.
5. "As I stood before her, I noticed that the clock had stopped at nine." What do you think the stoppage of the clock indicates?
 - It indicates the stoppage of her life itself as she was shocked to discover that her fiancé had left her on her wedding day.
6. Do you think Mrs Havisham was right to let Estella break Pip's heart? Why?

Making Learning Happen Phil Race, 2005-10-03

Another textbook about learning in the post compulsory sector fortunately this one has an abundant supply of a quality that is often lacking in such books thoughtful originality backed up by meaningful experience on the part of the author The book as a whole is mercifully free of unnecessary jargon a point that the author points out in the preface and is accessible and friendly in tone Race's ripples on a pond model is effortlessly applicable to a range of learning and teaching situations and provides a useful tool for exploring teaching and learning practice ESCalate Professor Race is without a doubt a master of intelligent simplicity This book may seem to be innocent of theory but a serious understanding of the needs of learners is clear behind every page The approach is to make sense of the collated feedback from thousands of students and teachers gleaned by questions asked during workshops and seminars There is an enormous amount of practical useful material It is replete with lists charts bullet points pithy hints and guidelines I will not be in the least surprised if this book is a runaway success Anita Pincas Lifelong Education and International Development Institute of Education London Phil Race freely shares his experience and his wise counsel in a text where he emerges from the pages as a clear thinking clear writing expert in this field with much to offer John Cowan Emeritus Professor of Learning Development the Open University Making Learning Happen provides an accessible and practical discussion of teaching and learning for the post compulsory sector of higher and further education Much of the existing educational literature on learning is written in language which makes it inaccessible to the people most directly involved in learning learners and their teachers This book avoids the unnecessary jargon and

elitist language which has too often hitherto hindered teachers and learners alike in thinking about how best to make learning happen This book will help staff in higher and further education increase the learning payoff which their students derive from a wide range of educational contexts at all levels in post compulsory education The book is centred around Phil Race s well known ripples on a pond model of learning which has identified five fundamental factors underpinning successful learning o wanting to learn o needing to learn o learning by doing o feedback o digesting making sense of what has been learned This text will allow teachers and students to address these factors head on in a wide range of contexts including large group teaching small group work online learning and in their use of formative feedback to help their students Included in the book is a self analysis questionnaire to enable learners to reflect on how these factors contribute to their own approaches to learning Making Learning Happen is a valuable resource for Postgraduate students on PGD higher and further education courses staff development courses in all British universities and is a helpful tool for lecturers and tutors in higher and further education post 16 teachers in secondary education educational managers and students themselves
