Buyer's Guide, 1967 **Four Novels in Jung's 1925 Seminar** Matthew A. Fike, 2020-01-27 C G Jung believed that popular fiction often conveyed unvarnished psychological truths In this volume Matthew A Fike skillfully analyzes the novels under consideration in Jung's 1925 seminar on analytical psychology corrects Jung's ill informed perspectives and sheds light on a neglected area of Jungian literary studies Jung originally planned to discuss several novels about the anima Henry Rider Haggard's She Pierre Benoit's L'Atlantide and Gustav Meyrink's The Green Face At the request of his participants he dropped Meyrink and included a text about the animus Marie Hay's The Evil Vineyard Fike demonstrates that Haggard's She and Benoit's L'Atlantide portray anima possession the visionary and psychological modes and traditional versus Jungian approaches to history Meyrink's smorgasbord of Jungian theory and religion makes The Green Face a fictional counterpart to The Red Book and both Meyrink and Hay depict states of higher consciousness that transcend the archetypes The distinction between archetypal and spiritual possession demonstrates that The Evil Vineyard is a ghost story and the study concludes with Hay's dozens of allusions which provide important metacommentary Four Novels in Jung's 1925 Seminar the first comprehensive study of all four texts complements seminal works by Cornelia Brunner and Barbara Hannah critiques the seminar discussion recorded in William McGuire's edition of Analytical Psychology Notes of the Seminar Given in 1925 by C G Jung and incorporates Jung's own comments on the four novels in The Collected Works Thus it provides an essential addition to Jungian literary studies and will appeal both to students and practitioners of Jungian analytical psychology and to scholars of British French and German literature **Area Handbook for Portugal** Eugene K. Literature, 1987 *Garner's Modern American Usage* Bryan A. Garner, 2003 Painstakingly researched with copious citations from books newspapers and news magazines this new edition has become the classic reference work praised by professional copy editors **Prehistoric Humans in Film and Television** Michael Klossner, 2015-01-09 From the early

days of the movies cavemen have been a popular subject for filmmakers not surprisingly since the birth of cinema occurred only a few decades after the earliest scientific studies of prehistoric man Filmmakers however were not constrained by the emerging science instead they most often took a comedic look at prehistory a trend that continued throughout the 20th century Prehistoric humans also populated adventure fantasy films with the original One Million B.C. 1940 leading the charge Documentaries were also made but it was not until the 1970s that accurate film accounts of prehistoric humans finally emerged This exhaustive work provides detailed accounts of 581 film and television productions that feature depictions of human prehistory Included are dramas and comedies set in human prehistory documentaries and films and television shows in which prehistoric people somehow exist in historical periods from the advent of civilization up to the present or in extraterrestrial settings Each entry includes full filmographic data including year of release running time production personnel cast information and format A description of each film provides background on the prehistoric elements Contemporary critical commentary is included for many of the works *Garner's Modern American Usage* Bryan

Garner, 2009-08-27 Since first appearing in 1998 Garner's Modern American Usage has established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation Now in the third edition readers will find the Garner's Language Change Index which registers where each disputed usage in modern English falls on a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout Garner's Modern American Usage 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved **The Cambridge Companion to the Epic** Catherine

Bates, 2010-04-22 This Companion surveys over four thousand years of epic poetry in a series of accessible essays **Naval**

Heavilin,Charles W. Heavilin,2014-07-03

From an Existential Vacuum to a Tragic Optimism The Search for Meaning and the Presence of God in Modern Literature employs a new theoretical approach to critical analysis Victor Frankl s logotherapy from the Greek logos for word or reason and often related to divine wisdom a unique form of existentialism On the basis of his observations of the power of human endurance and transcendence the discovery of meaning even in the midst of harrowing circumstances Frankl diagnoses the malaise of the current age as an existential vacuum a sense of meaninglessness He suggests that a panacea for this malaise may be found in creativity love and moral choice even when faced with suffering or death He affirms that human beings may transcend this vacuum discover meaning or even ultimate meaning to be found in Ultimate Being or God and live with a sense of tragic optimism This book observes both the current age s existential vacuum a malaise of emptiness and meaninglessness and its longing for meaning and God as reflected in three genres poetry novel and fantasy Part I Reflections of God in the Poetic Vision addresses tragic optimism hope when there seems to be no reason for hope in poems by William Butler Yeats T S Eliot Samuel Taylor Coleridge and Gerard Manley Hopkins Part II American Angst Emptiness and Possibility in John Steinbeck s Major Novels presents a study of Steinbeck s The Grapes of Wrath East of Eden and The Winter of Our Discontent novels that together form a uniquely American epic trilogy Together these novels tell the story of a nation s avarice corruption and betrayal offset by magnanimity heroism and hospitality Set against the backdrop of Frankl s ways of finding meaning and fulfillment all obliquely implying the felt presence of God the characters are representative Every Americans in whose lives are reflected a nation s worst vices and best hopes Part III A Tragic Optimism The Triumph of Good in the Fantasy Worlds of Tolkien Lewis and Rowling defines fantasy and science fiction as mirrors with which to view reality J R R Tolkien s The Lord of the Rings C S Lewis s That Hideous Strength and J K Rowling s Harry Potter series are considered in the light of Frankl s logotherapy providing paths to meaning and the ultimate meaning to be found in God In a postmodern fragmented age these works affirm a continuing vision of God often through His felt absence and also a most human yearning for meaning even when there seems to be none providing as Frankl maintains a tragic optimism
