

**Student Assignment Plan
2011-2012
Supports Policy 8120**

Pursuant to North Carolina General Statute §115C-366, a student shall be assigned to a school by the Board of Education in accordance with the student's domicile (or residence, with respect to a homeless student or a student residing in a group home, a foster home or pre-adoptive home), and a student assignment plan adopted by the Board of Education. Students with disabilities served under the Individuals with Disabilities Education Act, 20 USC, 1400 et. seq., shall be assigned to the school they would normally attend, unless the student's Individualized Education Program (IEP) cannot reasonably be implemented with existing staff at that school. In such cases, a school assignment will be made by the NCHCS's Department of Special Education and Related Services. Students who are not domiciled in New Hanover County but are eligible for admission pursuant to N.C.G.S. 115C-366 (a3) shall be assigned to a school on the basis of their primary residence. Through the lottery, students may apply for assignment to non-magnet/magnet schools outside of their assigned school area, and year-round schools. (Throughout this policy, references to "magnet schools" include partial and whole-school magnet schools, unless otherwise indicated.)

A student eligible for admission pursuant to N.C.G.S. 115C-366(a3) is one residing with an adult domiciled in New Hanover County because of the death, serious illness, incarceration or physical or mental condition of the parent/legal guardian, the abandonment or neglect of the student, the relinquishment of physical custody and control of the student by the parent/legal guardian upon the recommendation of the Department of Social Services or Division of Mental Health, or the loss or uninhabitability of the student's home as a result of a natural disaster, or the student's parent or legal guardian being on active military duty and deployed out of New Hanover County for more than 30 days, and otherwise meeting the requirements of that statute.

After completing a comprehensive redistricting plan in March 2010, the student assignment plan to be implemented for the 2011-2012 school year includes the following:

- Students may attend magnet schools, with transportation provided, through a lottery process.
- Students who wish to attend non-magnet schools outside of their assigned school area must participate in the lottery process and provide their own transportation.
- Students may attend open enrollment schools, through a lottery process and provide their own transportation.
- Students may attend year-round schools through a lottery process. Those within the school's transportation zone will be given first priority in the lottery and will have transportation provided. Those outside the school's transportation zone must provide their own transportation.

All applications for lottery schools must be made on the official application form. Students with disabilities may participate in the application process. If the application of a student with a disability is selected, and the IEP cannot be reasonably implemented by existing staff at that school, another assignment will be made.
