

The 6 Stages of Play

Unoccupied Play

0–3 months

When baby is making movements with their arms, legs, hands, feet, etc. They are learning about and discovering how their body moves.

Solitary Play

0–2 years

When a child plays alone and are not interested in playing with others quite yet.

Spectator/Onlooker Behavior

2 years

When a child watches and observes other children playing but will not play with them.

Parallel Play

2+ years

When a child plays alongside or near to others but does not play with them.

Associate Play

3–4 years

When a child starts to interact with others during play, but there is not much cooperation required. *For example, kids playing on the playground but doing different things.*

Cooperative Play

4+ years

When a child plays with others and has interest in both the activity and other children involved in playing.
