The Global Impact of the COVID-19 Pandemic on Institutional and Community Corrections James M. Byrne, Don Hummer, Sabrina S. Rapisarda, 2021-07-07 The authors of the chapters included in this volume provide preliminary answers to questions such as How extensive were COVID 19 outbreaks in prisons jails and community corrections systems globally Which regions and countries reported the largest outbreaks Why were prisons and jails found to be hot spots for the spread of COVID 19 in most countries How did governments initially respond to COVID 19 outbreaks in their corrections systems Did the mitigation strategies used in each country reduce the spread of the infection in the corrections system both in prisons and jails and in community corrections Did the corrections focused mitigation strategies used in each country have a positive or an adverse impact on public health and public safety How likely is it that the varied short term mitigation strategies implemented by governments will result in long term changes in corrections policies and practices The book includes three chapters examining the global impact of the COVID 19 outbreaks six regional overviews and 27 country specific reviews including reviews targeting 21 of the 50 largest prison systems globally This collection will be an excellent resource for researchers policymakers practitioners and the general public interested in knowing more about the nature and extent of COVID 19 outbreaks in corrections systems globally and about the diversity of responses developed and implemented by governments from each global region The chapters in this book were originally published as a special issue of the journal *Victims Offenders*

The Tech Coup Marietje Schaake, 2025-09-16 A tech insider who has been hailed by *The New Yorker* for her forceful critique of Big Tech describes what must be done to stop its erosion of democracy Over the past decades under the cover of innovation technology companies have successfully resisted regulation and have even begun to seize power from governments themselves Facial recognition firms track citizens for police surveillance Cryptocurrency has wiped out the personal savings of millions and threatens the stability of the global financial system Spyware companies sell digital intelligence tools to anyone who can afford them This new reality where unregulated technology has become a forceful instrument for autocrats around the world is terrible news for democracies and citizens In *The Tech Coup* Marietje Schaake offers a behind the scenes account of how technology companies crept into nearly every corner of our lives and our governments She takes us beyond the headlines to high stakes meetings with human rights defenders business leaders computer scientists and politicians to show how technologies from social media to artificial intelligence have gone from being heralded as utopian to undermining the pillars of our democracies To reverse this existential power imbalance Schaake outlines game changing solutions to empower elected officials and citizens alike Democratic leaders can and must resist the influence of corporate lobbying and reinvent themselves as dynamic flexible guardians of our digital world Drawing on her experiences in the halls of the European Parliament and among Silicon Valley insiders Schaake offers a frightening look at our modern tech obsessed world and a clear eyed view of how democracies can build a better future before it is too late

The Canteen Kyle Gabhart,2025-08-12 The Canteen explores the dangers of self sufficiency and the profound lessons learned from stepping out into the unknown through the lens of one man s African mission At the pivotal age of nineteen Kyle Gabhart embarked on a journey that expanded his horizons challenged his faith and allowed him to experience a world he had only read about Traveling from Fort Worth Texas to Johannesburg South Africa he was confronted by a world that was as foreign and fierce as it was brilliant and beautiful For nearly a month he explored Johannesburg Pretoria the surrounding wilderness and the bush in Zimbabwe For the next two decades his experiences continued to make an indelible impact on his life opening his eyes to the realities of hunger and violence experienced in other parts of the globe Before this journey Kyle had little understanding of developing countries and never before had he been a minority or spent much time in a place where English was not the dominant tongue Those twenty five days in May 1999 immersed Kyle in a foreign land with a radically different culture and transformed the way he sees the world The Canteen invites believers on a journey of faith and discovery that challenges them to analyze the source of their confidence Are they relying upon their own skills and assets or the Lord s Are they clutching onto something temporal as their provision or releasing everything to open their arms for whatever God has in store for them *The Statesman's Yearbook 2015* B. Digital Activism in Zimbabwe Tenford Chitanana, 2024-10-21

This book investigates the role of the internet and social media in political processes in non western and non democratic contexts Using Zimbabwe as a case study the book demonstrates how activists and ordinary people deploy social media particularly Facebook to subvert an enduring hegemonic state However the book also highlights how authoritarian regimes are in turn learning and adapting to the information age challenging the impact of digital activism Studies of digital activism in the Global South are often centred around democracy but this book paints a more complex picture examining the role and effect of digital activism in challenging state hegemony in authoritarian contexts The book notes that while communication technologies help mediate activism they are also simultaneously constrained by pre existing and emergent challenges tied to the social and political context and the inherent limitations of those technologies The book investigates the tactics used by digital activists the contextual factors and restrictive political environment they operate in including the role of pro government activists and ultimately the impact of digital activism given these constraints From the case of Zimbabwe the book builds out a broader theoretical analysis of the evolution of third world protest in the digital age examining the limitations of activists actions and the ideological deficit in online activism to ferment a virulent counter hegemony

Africa Toyin Falola, Daniel Jean-Jacques, 2015-12-14 These volumes offer a one stop resource for researching the lives customs and cultures of Africa s nations and peoples Unparalleled in its coverage of contemporary customs in all of Africa this multivolume set is perfect for both high school and public library shelves The three volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations peoples While this encyclopedia places emphasis on the customs and cultural practices of each state history politics and economics are also addressed Because entries average 14

000 to 15 000 words each contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries As a result readers will gain a more complete understanding of what life is like in Africa s 54 nations and territories and will be better able to draw cross cultural comparisons based on their reading **Wikileaks and the Age of Transparency** Micah L. Sifry,2011 The United States government is diligent some might say to the point of obsession in defending its borders against invaders Now we are told a small international band of renegades armed with nothing more than laptops presents the greatest threat to the U S regime since the close of the Cold War WikiLeaks release of a massive trove of secret official documents has riled politicians from across the spectrum Even noted free speech advocate Floyd Abrams blames WikiLeaks founder Julian Assange for the certain defeat of federal shield law legislation protecting journalists Hyperbole hysteria Certainly Welcome to the Age of Transparency But political analyst and writer Micah Sifry argues that WikiLeaks is not the whole story It is a symptom an indicator of an ongoing generational and philosophical struggle between older closed systems and the new open culture of the Internet Despite Assange s arrest the publication of secret documents continues As Sifry shows this is part of a larger movement for greater governmental and corporate transparency When you combine connectivity with transparency the ability for more people to see share and shape what is going on around them the result is a huge increase in social energy which is being channeled in all kinds of directions

Wiegand,Marija Dalbello,2015-05-26 A broad comparative history of librarianship this intriguing work goes beyond the standard focus on institutions and collections to help you explore the part modern librarianship played and continues to play in forming Western cultures Previous histories of libraries in the Western world the last of which was published nearly 20 years ago concentrate on libraries and librarians This book takes a different approach It focuses on the practice of librarianship showing you how that practice has contributed to constructing the heritage of cultures To do so this

groundbreaking collection of essays presents the history of modern librarianship in the context of recent developments of the library institution professionalization of librarianship and innovation through information technology Organized by region the book addresses the widely recognized international impact of Anglo American librarianship and its continuing influence over the past century combining critical analysis with chronological histories of modern librarianship in Europe North America Australia New Zealand and Africa An introductory chapter explains the origins of the project and a concluding chapter examines the effects of digitization on modern librarianship in the 21st century *Censored 2012* Mickey Huff, Project Censored, 2011-10-04 Every year since 1976 Project Censored our nation's oldest news monitoring group a university wide project at Sonoma State University founded by Carl Jensen directed for many years by Peter Phillips and now under the leadership of Mickey Huff has produced a Top 25 list of underreported news stories and a book *Censored* dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship Seven Stories Press has been publishing this yearbook since 1994 featuring the top stories listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories Beyond the Top 25 stories additional chapters delve further into timely media topics The Censored News and Media Analysis section provides annual updates on Junk Food News and News Abuse Censored DJ Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world In the Truth Emergency section scholars and journalists take a critical look at the US NATO military industrial media empire And in the Project Censored International section the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world A perennial favorite of booksellers teachers and readers everywhere *Censored* is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us *Alt-America* David Neiwert, 2017-10-17 Just as Donald Trump's victorious campaign for the US presidency shocked liberal Americans the seemingly sudden national prominence of white supremacists xenophobes militia leaders and mysterious Alt Right leaders mystifies many But the extreme Right has been growing steadily in the US since the 1990s with the rise of Patriot militias following 9 11 when conspiracy theorists found fresh life and in virulent reaction to the first black president of the country Nurtured by a powerful right wing media sector in radio TV and online the Far Right Tea Party movement conservatives and Republican activists found common ground in Producerist ideology and constitutionalist interpretations of US law an alternative America that is resurgent even as it has been ignored by the political establishment and mainstream media Investigative reporter David Neiwert has been tracking extremists for more than two decades and here he provides a deeply reported and authoritative report on the background mindset and growth on the ground of Far Right movements across the country The product of years of reportage and including the most in depth investigation of Trump's ties to Far Right figures

this is a crucial book about one of the most disturbing sides of the US **When Stars Are Scattered** Victoria Jamieson, Omar Mohamed, 2020-04-14 A National Book Award Finalist this remarkable graphic novel is about growing up in a refugee camp as told by a former Somali refugee to the Newbery Honor winning creator of Roller Girl Omar and his younger brother Hassan have spent most of their lives in Dadaab a refugee camp in Kenya Life is hard there never enough food achingly dull and without access to the medical care Omar knows his nonverbal brother needs So when Omar has the opportunity to go to school he knows it might be a chance to change their future but it would also mean leaving his brother the only family member he has left every day Heartbreak hope and gentle humor exist together in this graphic novel about a childhood spent waiting and a young man who is able to create a sense of family and home in the most difficult of settings It s an intimate important unforgettable look at the day to day life of a refugee as told to New York Times Bestselling author artist Victoria Jamieson by Omar Mohamed the Somali man who lived the story *Ownership and Governance of Companies* Jonathan Michie, Vishnu Padayachee, 2021-06-29 Apartheid South Africa was often thought to run in the interests of the business elite Yet 27 years after apartheid those business interests remain largely entrenched Why Did the South African business community play a role in engineering this outcome perhaps recognising the apartheid era was over and jumping ship in time Conversely the mission of the ANC was widely perceived to be to shift wealth and power into the hands of the whole community Yet despite black empowerment measures corporate ownership remains largely in white hands and certainly in the hands of an elite few even though no longer restricted to whites This picture is replicated across the global south where corporate ownership tends to be concentrated in the hands of an elite rather than being more democratically spread Why have alternative corporate forms not been pursued more vigorously with ownership in the hands of customers employees and local communities In the case of South Africa where the majority of customers and employees are black this could have delivered on the ANC s mission to replace the apartheid era with a democratic one in terms of wealth incomes and power as well as in terms of voting and civic rights This edited volume explores all these questions and looks at ways to align corporate forms with economic and social goals The chapters in this book were originally published as special issues of International Review of Applied Economics *The Times Index* , 2013-03 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Time educational supplement Scotland and the Times higher education supplement **The Kenya Prisons Annual Report** Kenya.
