Aging with a Plan Sharona Hoffman, 2015-05-12 This book offers a concise, comprehensive resource for middle-aged readers who are facing the prospects of their own aging and of caring for elderly relatives, an often overwhelming task for which little in life prepares us. Everyone ages, and nearly everyone will also experience having to support aging relatives. Being prepared is the best way to handle this inevitable life stage. This book addresses a breadth of topics that are relevant to aging and caring for the elderly, analyzing each thoroughly and providing up-to-date practical advice. It can serve as a concise and comprehensive resource, read start to finish to plan for an individual's own old age or to anticipate the needs of aging relatives, or as a quick reference guide on specific issues and topics as relevant to each reader's situation and needs. Using an interdisciplinary approach, *Aging with a Plan* shows how a little thought today can vastly improve your tomorrow, develops recommendations for building sustainable social, legal, medical, and financial support systems that can promote a good quality of life throughout the aging process. Chapters address critical topics such as retirement, savings, and expenses, residential settings, legal planning, the elderly, and driving, long-term care, and end-of-life decisions. The author combines analysis of recent research on the challenges of aging with engaging anecdotes and personal observations. By following the recommendations in this book, readers in their 40s, 50s, and early 60s will greatly benefit from learning about the issues regarding aging in the 21st century and from investing some effort in planning for their old age and that of their loved ones.

Cyber Citizens Heidi Boghosian, 2025-06-24 A grounding exploration of how our online prowess shapes the very essence of democracy The electronic age compels us to confront the delicate balance between the convenience of constant connectivity and the protection of personal privacy security and democracy itself Presented as a two fold concern of digital and civic

literacy surveillance and privacy expert Heidi Boghosian argues that our fight to uphold democracy must extend to the online world As smart citizens our best chance of thriving in the digital era lies in taking care of our smart selves as diligently as we maintain our smart devices In the same way that smart devices can disclose private information when not adequately secured our online presence can lead to unintentional data exposure or identity theft That entails a commitment to learning digital literacy and cyber hygiene from the first moment we engage with technology Mastering the fundamentals of civics the rights and responsibilities of citizens rounds out the democratic assignment With AI and machine learning poised to play a transformative role in our 21st century lives we as humans have our own generative learning journey to master Drawing parallels between Americans and their smart devices Cyber Citizens sheds light on the delicate balance between connectivity and privacy to uphold a truly democratic society
