The New Enlightenment and the Fight to Free Knowledge Peter B. Kaufman, 2021-02-23 How do we create a universe of truthful and verifiable information available to everyone In The New Enlightenment and the Fight to Free Knowledge MIT Open Learning's Peter B Kaufman describes the powerful forces that have purposely crippled our efforts to share knowledge widely and freely Popes and their inquisitors emperors and their hangmen commissars and their secret police throughout history all have sought to stanch the free flow of information Kaufman writes of times when the Bible could not be translated you d be burned for trying when dictionaries and encyclopedias were forbidden when literature and science and history books were trashed and pulped sometimes along with

their authors and when efforts to develop public television and radio networks were quashed by private industry In the 21st century the enemies of free thought have taken on new and different guises giant corporate behemoths sprawling national security agencies gutted regulatory commissions Bereft of any real moral compass or sense of social responsibility their work to surveil and control us are no less nefarious than their 16th and 18th and 20th century predecessors. They are all part of what Kaufman calls the Monsterverse The New Enlightenment and the Fight to Free Knowledge maps out the opportunities to mobilize for the fight ahead of us With the Internet and other means of media production and distribution video especially at hand knowledge institutions like universities libraries museums and archives have a special responsibility now to counter misinformation disinformation and fake news and especially efforts to control the free flow of information A film and video producer and former book publisher Kaufman begins to draft a new social contract for our networked video age He draws his inspiration from those who fought tooth and nail against earlier incarnations of the Monsterverse including William Tyndale in the 16th century Denis Diderot in the 18th untold numbers of Soviet and Central and East European dissidents in the 20th many of whom paid the ultimate price Their successors Advocates of free knowledge like Aaron Swartz of free software like Richard Stallman of an enlightened public television and radio network like James Killian of a freer Internet like Tim Berners Lee of fuller rights and freedoms like Edward Snowden All have been striving to secure for us a better world marked by the right balance between state society and private gain The concluding section of the book its largest piece builds on their work drawing up a progressive agenda for how today s free thinkers can band together now to fight and win With everything shut and everyone going online The New Enlightenment and the Fight to Free Knowledge is a rousing call to action that expands the definition of what it means to be a citizen in the 21st century Fahrenheit 451 - Ray Bradbury, New Edition Ray Bradbury, 2008 Presents a collection of critical essays about Fahrenheit 451 by Ray Bradbury

Laura Ingalls Wilder and Rose Wilder Lane John E. Miller, 2008-12-03 The mother daughter partnership that produced the Little House books has fascinated scholars and readers alike Now John E Miller one of America's leading authorities on Laura Ingalls Wilder and Rose Wilder Lane combines analyses of both women to explore this collaborative process and shows how their books reflect the authors distinctive views of place time and culture Along the way he addresses the two most controversial issues for Wilder Lane aficionados how much did Lane actually contribute to the writing of the Little House books and what was Wilder s real attitude toward American Indians Interpreting these writers in their larger historical and cultural contexts Miller reconsiders their formidable artistic political and literary contributions to American cultural life in the 1930s He looks at what was happening in 1932 from depression conditions and politics to chain stores and celebrity culture to shed light on Wilder's life and he shows how actual little houses established ideas of home that resonated emotionally for both writers In considering each woman's ties to history Miller compares Wilder with Frederick Jackson Turner as a frontier mythmaker and examines Lane's unpublished history of Missouri in the context of a contemporaneous project Thomas Hart Benton's famous

Jefferson City mural He also looks at Wilder's Missouri Ruralist columns to assess her pre Little House values and writing skills and he readdresses her literary treatment of Native Americans A final chapter shows how Wilder's and Lane's conservative political views found expression in their work separating Lane's more libertarian bent from Wilder's focus on writing moralist children's fiction These nine thoughtful essays expand the critical discussion on Wilder and Lane beyond the Little House Miller portrays them as impassioned and dedicated writers who were deeply involved in the historical changes and political challenges of their times and contends that questions over the books authorship do not do justice to either woman's creative investment in the series Miller demystifies the aura of nostalgia that often prevents modern readers from seeing Wilder as a real life woman and he depicts Lane as a kindred artistic spirit helping readers better understand mother and daughter as both women and authors Research Guide to American Literature John Cusatis, 2010 Covers American literature during the postwar period The Road - Literature Kit Gr. 9-12 Gideon Jagged, 2012-12-18 Students become captivated with the idea of survival in a post apocalyptic world Incorporate probing questions and informative vocabulary to create a thorough and useful experience for students Identify the meaning of words found in the reading Gain a raw understanding of the father son dynamic by exploring the father's sacrifice for his son Make predictions of the disaster that destroyed the world based on clues left by the author Students imagine a nuclear winter is approaching and must make a plan to stock up their own bunker for survival Discuss deviations from proper grammar syntax spelling and punctuation used in the novel Aligned to your State Standards and written to Bloom's Taxonomy additional crossword word search comprehension guiz and answer key are also included About the Novel The Road is a Pulitzer Prize winning story about a father and son's journey through post apocalyptic America After an unspecified disaster destroys most life on Earth a father and son must travel across a desolate landscape in hopes of making it to the coast Along their way they are faced with starvation thieves and cannibals The landscape is without vegetation and living animals and is covered with ash The sky is dark the wind is cold and snow falls gray Armed only with a revolver and two rounds to protect them the father and son set out on the road They finally reach the sea but the father falls ill and must prepare the son for the time when he will not be Ray Bradbury David Seed, 2015-02-28 As much as any individual Ray Bradbury brought science around to protect him fiction s ideas into the mainstream Yet he transcended the genre in both form and popularity using its trappings to explore timely social concerns and the kaleidoscope of human experience while in the process becoming one of America's most beloved authors David Seed follows Bradbury s long career from the early short story masterpieces through his work in a wide variety of broadcast and film genres to the influential cultural commentary he spread via essays speeches and interviews Mining Bradbury's classics and hard to find archival literary and cultural materials Seed analyzes how the author s views on technology authoritarianism and censorship affected his art how his Midwest of dream and dread brought his work to life and the ways film and television influenced his creative process and visually oriented prose style The result is a
