Anti-Tales David Calvin, Catriona McAra, 2011-05-25 The anti fairy tale has long existed in the shadow of the traditional fairy tale as its flipside or evil twin According to Andr Jolles in *Einfache Formen* 1930 such Antim rchen are contemporaneous with some of the earliest known oral variants of familiar tales While fairy tales are generally characterised by a spirit of optimism Tolkien the anti tale offers us no such assurances for every happily ever after there is a dissenting they all died horribly The anti tale is however rarely an outright opposition to the traditional form itself Inasmuch as the anti hero is not a villain but may possess attributes of the hero the anti tale appropriates aspects of the fairy tale form and its equivalent genres and re imagines subverts inverts deconstructs or satirises elements of these to present an alternate narrative interpretation outcome or morality In this collection Little Red Riding Hood retaliates against the wolf Cinderella's stepmother provides her own account of events and Snow White evolves into a postmodern vampire tale The familiar becomes unfamiliar revealing the underlying structures dynamics fractures and contradictions within the borrowed tales Over the last half century this dissident tradition has become increasingly popular inspiring numerous writers artists musicians and filmmakers Although anti tales abound in

Wytovich,2024-09-11 Writing Poetry in the Dark brings together some of the most successful contemporary genre poets to discuss topics related to creating dark and fantastical poetry While there are countless books available for the aspiring poet there is a lack of resources specifically for and on speculative poetry and with the market thriving publishers who previously did not put out poetry are now adding it to their catalogs requesting it for their anthologies and seeking it for their magazines Given these factors it seemed like the perfect time to put together a guide for dark poets that addresses some of the unique challenges they face such as creating monsters out of white space writing the hybrid poem or subverting folklore in the retelling of a classic tale Included in Writing Poetry in the Dark are recommendations on how to bring fear to the page write from the wound let violence loose channel the weird and tackle the dark side of daily life There are also practical suggestions for exploring different poetic forms and topics ranging from building worlds writing from different points of view and exploring gender and sexuality on the page This book will bring something different to every speculative writer who is interested in exploring poetry with a genre twist and it is our hope that this book will help poetry itself continue to evolve grow and redefine itself in the market for many years to come
