Joseph Conrad David J. Supino, 2022-08-13 David J Supino traces in unprecedented detail the lineaments of Joseph Conrad's authorial career and the fortunes and misfortunes of his publishers on both sides of the Atlantic. This work is a model of the integrative scholarly method combining close bibliographical scrutiny of particular textual artifacts with archival recovery of book historical information in as much detail as the surviving documents allow. The book is essential reading not only for students of Conrad but also for all those who wish to understand the publishing history of this era.

British Books in Print, 1924 *British Museum Catalogue of printed Books*, 1887 *Impossible Puzzle Films* Miklos Kiss, 2017-04-28 Narrative complexity is a trend in contemporary cinema. Since the late 1990s there has been a palpable increase in complex storytelling in movies. But how and why do complex movies create perplexity and confusion? How do we engage with these challenges? And what makes complex stories so attractive? By blending film studies narrative theory and cognitive sciences, Kiss and Wilemsen look into the relation between complex storytelling and the mind. Analysing the effects that different complex narratives have on viewers, the book addresses how films like *Donnie Darko*, *Mulholland Drive* and *Primer* strategically create complexity and confusion using the specific category of the impossible puzzle film to examine movies that use baffling paradoxes, impossible loops and unresolved ambiguities in their stories and storytelling. By looking at how these films play on our mind's blind spots, this innovative book explains their viewing effects in terms of the mental state of cognitive dissonance that they evoke.
