Felix Holt, the True Story P L Quinn, 2017-06-28 Felix Holt the True Story is a critical examination of Felix Holt the Radical 1866 by George Eliot Since the novel's publication it has automatically been assumed that the fictional East Midlands market town of Treby Magna where the novel is set must be based upon the Nuneaton of George Eliot's childhood However this assumption has made the novel largely unreadable Whilst Eliot's childhood and her earlier novels are informative towards the construction of Felix Holt the Radical this study proposes that the Treby community is based upon the East Midlands market town of Leicester by far the oldest East Midlands community It is also proposed that Eliot wanted to write a novel with a similar impact to Cranford by Elizabeth Gaskell 1851 1853 in which the community finally pulls together Hence it is determined that Eliot wrote Felix Holt the Radical as a means of unifying the varying rifts of Christian eclecticism into her mode of Humanism **Felix Holt, The Radical - The Original Classic Edition** George Eliot, 2013-03-18 Finally available a high quality book of the original classic edition of Felix Holt The Radical It was previously published by other bona fide publishers and is now after many years back in print This is a new and freshly published edition of this culturally important work by George Eliot which is now at last again available to you Get the PDF and EPUB NOW as well Included in your purchase you have Felix Holt The Radical in EPUB AND PDF format to read on any tablet eReader desktop laptop or smartphone simultaneous Get it NOW Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside Felix Holt The Radical Look inside the book In these midland districts the traveller passed rapidly from one phase of English life to another after looking down on a village dingy with coal dust noisy with the shaking of looms

he might skirt a parish all of fields high hedges and deep rutted lanes after the coach had rattled over the pavement of a manufacturing town the scenes of riots and trades union meetings it would take him in another ten minutes into a rural region where the neighborhood of the town was only felt in the advantages of a near market for corn cheese and hay and where men with a considerable banking account were accustomed to say that they never meddled with politics themselves It was still easier to see that for the most part they resisted the rotation of crops and stood by their fallows and the coachman would perhaps tell how in one parish an innovating farmer who talked of Sir Humphrey Davy had been fairly driven out by popular dislike as if he had been a confounded Radical and how the parson having one Sunday preached from the words Break up your fallow ground the people thought he had made the text out of his own head otherwise it would never have come so pat on a matter of business but when they found it in the Bible at home some said it was an argument for fallows else why should the Bible mention fallows but a few of the weaker sort were shaken and thought it was an argument that fallows should be done away with else the Bible would have said Let your fallows lie and the next morning the parson had a stroke of apoplexy which as coincident with a dispute about fallows so set the parish against the innovating farmer and the rotation of crops that he could stand his ground no longer and transferred his lease About George Eliot the Author She is the author of seven novels including Adam Bede 1859 The Mill on the Floss 1860 Silas Marner 1861 Middlemarch 1871 72 and Daniel Deronda 1876 most of them set in provincial England and known for their realism and psychological insight An additional factor in her use of a pen name may have been a desire to shield her private life from public scrutiny and to prevent scandals attending her relationship with the married George Henry Lewes with whom she lived for over 20 years

The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
