Leathwood, Carole, Read, Barbara, 2008-12-01 Drawing on international and national data theory and research Gender and the Changing Face of Higher Education provides an accessible but nuanced discussion of the feminization of higher education for postgraduates policy makers and academics working in the field The Feminization of America Elinor Lenz, Lenz, Barbara Myerhoff, 1986 A speculation on the dramatic changes in American culture brought on by the fact that women are assuming more and more power in contemporary society The Cultural Politics of U.S. Immigration Leah Perry, 2016-09-27 How the immigration policies and popular culture of the 1980 s fused to shape modern views on democracy In the 1980s amid increasing immigration from Latin America the Caribbean and Asia the circle of who was considered American seemed to broaden reflecting the democratic gains made by racial minorities and women Although this expanded circle was increasingly visible in the daily lives of Americans through TV shows films and popular news media these gains were circumscribed by the discourse that certain immigrants for instance single and working mothers were feared censured

or welcomed exclusively as laborers In The Cultural Politics of U S Immigration Leah Perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy Blending critical legal analysis with a feminist media studies methodology over a range of sources including legal documents congressional debates and popular media such as Golden Girls Who s the Boss Scarface and Mi Vida Loca Perry shows how even while multicultural immigrants were embraced they were at the same time disciplined through gendered discourses of respectability Examining the relationship between law and culture this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration Feminized to Take Advantage of Simps Nikki Crescent, Craig never really had strict morals to hold him back in life He was caught selling drugs in high school and now he s been fired for stealing from the register at work He needs a new gig now and he gets a great idea when he comes across an illegal voice changing box which can change a person s voice even making him sound like a girl Craig makes an account on a popular social media website posting drawings He s a good artist but it s not really about the art he s pretending to be a girl a struggling female artist and he s convincing guys to send him cash It s a good gig and it s not long before he has a whole fanbase of loyal simps And then one morning he wakes up and learns that the website has changed its terms and now all users have to prove their real identity to continue using the platform The new policy change is designed to get catfish like Craig off of the site but Craig is determined to find a way to stay on even if it means getting the name on his ID legally changed to match up with his online persona But it doesn't stop there
