Foucault Live Collected Interviews 1961 1984:

Foucault Live Michel Foucault, 1996 The most accessible and exhaustive introduction to Foucault's thought to date including every extant interview made by Foucault from the mid 60s until his death in 1984 Currently in its fourth printing Foucault Live is the most accessible and exhaustive introduction to Foucault's thought to date Composed of every extant interview made by Foucault from the mid 60s until his death in 1984 Foucault Live sheds new light on the philosopher's ideas about friendship the intent behind his classical studies while clarifying many of the professional and popular misinterpretations of his ideas over the course of his career As Gilles Deleuze noted the interviews in this book go much further than anything Foucault ever wrote and they are indispensable in understanding his life work Most notably Foucault Live includes interviews he made with the gay underground press during his stays in America during the 1970s In them Foucault suggests that homosexuality presents a new paradigm for ways of living beyond the predictable binary couple All of the philosopher's interests from madness and delinquency to film and sexuality and their resultant writings are probed by knowledgeable critics and journalists After reading this book the reader can explore key notions such as episteme savoir and connaissance archeology and archive without the knitted brow that plagued Foucault's public when he was alive This is the guide to Foucault's life as an agent provocateur in the world of philosophy and scholarship

Foucault Live Michel Foucault, 1989 The most accessible and exhaustive introduction to Foucault's thought to date including every extant interview made by Foucault from the mid 60s until his death in 1984 **J.G. Ballard's Politics** Florian Cord, 2017-01-23

This book is the first sustained investigation of the political dimension in the work of J G Ballard A product of and reaction to the cultural socio economic moment commonly designated as the postmodern condition Ballard's oeuvre is read as a continuous and developing meditation on the postmodern examining it specifically as an expression of late capitalism The book shows that at the heart of this meditation lies the question of resistance Drawing on a wide range of concepts and ideas taken from the field of critical theory it argues that in the face of a world marked by an unprecedented expansion of capital in which modernity's grand narratives have been invalidated and in which received forms of political struggle have lost their effectiveness Ballard's fiction commits itself to a deliberately irrational and extreme pataphysical thought in order to develop a new discourse of resistance Against past readings that have construed Ballard's writing as non political decadent or quietist the study thus reveals Ballard as a thoroughly political author committed to a subversive politics In this way the book also constitutes a timely intervention in the ongoing discussion concerning the nature and state of the political

The Routledge Guidebook to Foucault's The History of Sexuality Chloe Taylor, 2016-11-03 Michel Foucault's The History of Sexuality is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender Feminist Theory and Queer Theory But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for

newcomers to his work The Routledge Guidebook to Foucault's The History of Sexuality offers a clear and comprehensive guide to this groundbreaking work examining The historical context in which Foucault wrote A critical discussion of the text which examines the relationship between The History of Sexuality The Use of Pleasure and The Care of The Self The reception and ongoing influence of The History of Sexuality Offering a close reading of the text this is essential reading for anyone studying this enormously influential work *Equality and Freedom in Rancière and Foucault* Stuart

Blaney,2024-12-12 Responding to the increasing need for new and peaceful forms of emancipation Stuart Blaney offers a unique solution in the synergy between two pioneering strands of continental philosophy Michael Foucault's ideas on freedom and Jacques Rancière's ideas on equality Building a dialogue between these two thinkers Blaney presents new perspectives on their work and a clear picture that emancipation comes from everyday practices rather than any particular movement or revolution In exploring these combined views of equality and freedom Blaney draws on some of the central facets of both concepts including revolution disagreement care for the self free speech and stoicism To put these ideas into a practical framework of real lived experience we are introduced to the figure of Louis Gabriel Gauny the 19th century worker poet and self confessed plebeian philosopher Gauny is a nexus for Rancière's and Foucault's ideas his life exemplifying a dual mode of existence in between conformity and political revolution This lived philosophy of equality and freedom shows the strong synergy between the two concepts with one reinforcing the other and strengthening their efficacy as forms of emancipatory practice **Michel Foucault** Lynn Fendler,2014-10-23 Michel Foucault's influential work spanned a wide array of intellectual disciplines his writings having been widely taken up in philosophy history literary criticism and political theory Focusing on the implications of Foucault's theories for education whilst characterizing them as provocative problematizing poetic and playful Lynn Fendler describes the historical context for understanding Foucault's groundbreaking critiques Including a discussion of his major theories of disciplinary power genealogy discourse and subjectivity this text provides generative explanations of concepts using analogies to the Internet and to food in order to connect Foucault's theories to everyday experience **Towards Transformative Education in Marketing** Teresa Heath,Mona

Moufahim,Lisa O'Malley,2025-06-30 This book collects bold and challenging contributions to pedagogy that foster creative and critical thinking in the marketing classroom The volume brings together leading international critical marketing scholars who apply a wide range of theoretical and methodological tools to nurture students ability to think outside the narrow confines of conventional management ideology The contributions which range from fascinating personal reflections to deep engagement with theory are united by a desire to share insights about how to turn teaching in marketing away from mere training towards rigorous and broad education about markets and their place in society The innovations discussed can be as challenging and inspiring for the reader as they were for the students in the classes The aim of this book is to support educators to help students develop into professionals and people who engage seriously with the societal effects of their

actions Towards Transformative Education in Marketing is an essential resource for students and teachers of marketing marketing pedagogy business studies This book will also appeal to those interested in innovative and critical approaches to the field The chapters in this book were originally published as a special issue of Journal of Marketing Management

Problematizing Public Pedagogy Jake Burdick, Jennifer A. Sandlin, Michael P. O'Malley, 2013-10-08 The term public pedagogy is given a variety of definitions and meanings by those who employ it It is often used without adequately explicating its meaning its context or its location within differing and contested articulations of the construct Problematizing Public Pedagogy brings together renowned and emerging scholars in the field of education to provide a theoretical methodological ethical and practical ground from which other scholars and activists can explore these forms of education At the same time it increases the viability of the concept of public pedagogy itself Beyond adding a multifaceted set of critical lenses to the genre of public pedagogy inquiry and theorizing this volume adds nuance to the broader field of education research overall *Investment Law's Alibis* David Schneiderman, 2022-08-04 Connects narratives associated with colonialism imperialism civilized justice debt and development to international investment treaty law and arbitration

Foucault, Christianity and Interfaith Dialogue Henrique Pinto, 2020-11-25 Foucault Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault The author argues that it is the injustice done to the Other by Roman Catholic Protestant and other centred and unitary models of religious pluralism that allows the introduction of Foucault's de-centring of transcendence and human reason as an alternative model for understanding religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non unitary theology of religious pluralism and an open textured process of self transformation The author's original and imaginative application and expansion of Foucault's concept of the More from *The Archaeology of Knowledge* 1969 makes important and original contributions to academic work on Foucault and contemporary theology Cultural Difference and Social Solidarity Scott H. Boyd, Mary Ann

Walter, 2014-03-17 *Cultural Difference and Social Solidarity* Solidarities and Social Function explores solidarity as a social function bringing to the fore the critical value of the concept of solidarity in understanding contemporary societies The first part of the book *Solidarities* provides different theoretical approaches to the conception and exploration of solidarity that depart from the traditional and dominant perspectives within which debates about solidarity take place This part includes chapters on the origins of the concept of solidarity in French social thought in the nineteenth century a critical discussion of the later Foucault's augmentation of his concerns with a critical politics of difference with a politics of parrhesia Theodor Adorno and the identitarian logic that underpins reconciliation between difference and solidarity in initiatives such as multiculturalism Alisdair MacIntyre and his rearticulation of Aristotelian virtue ethics to explore the value of solidarity

ingrained in the practice of politics as a means of developing solidarity and a transitional chapter that explores the social function of postcolonial theory The second part of the book Social Function seeks to explore particular cases in which solidarity is constituted The cases are diverse in global location level of association focus on cultural political and policy contexts and different approaches to analysis As such they provide a set of cases from which different aspects of the problems of making and remaking solidarity can be explored These chapters include a case study in Israel exploring solidarity and social cohesion through migration globalisation and modernising processes a case study of the African Village Market in Sydney Australia an example of the complexities of solidarity and identity in the Slovene context and an exploration of how state action in Turkey dissolves solidarity in a community through urban housing policies **Public**

Relations as Activism Derina R. Holtzhausen, 2013-06-17 This volume applies postmodern theory to public relations providing an alternative lens to public relations theory and practice and developing public relations theory within the context of postmodernism Author Derina R Holtzhausen focuses on two key issues and their application to public relations theory and practice the postmodernization of society and the possibilities postmodern theories offer to explain and understand public relations practice in today's changing society Holtzhausen's argument is that existing theory should be evaluated from a postmodern perspective to determine its applicability to postmodernity Utilizing practitioner perspectives throughout the volume she explores the practice of public relations as a form of activism The volume is intended for scholars and students in public relations It may be used as a supplemental text in advanced courses on public relations theory PR management organizational communication and related areas **Leo Bersani** Mikko Tuhkanen, 2020-11-12 For the past 60 years Leo Bersani has inspired resisted guided and challenged scholarly work in the fields of literary criticism queer theory cultural studies psychoanalytic theory and film and visual studies Moving across an impressive range of sources Mikko Tuhkanen seeks out the fundamental notes the questions that we find and re-find in Bersani's extensive oeuvre across the decades The chapters explore Bersani's engagement with psychoanalytic theory Freud Laplanche Klein Lacan French and American modernist fiction Proust Baudelaire Mallarmé James Beckett poststructuralist theory Derrida Foucault Deleuze Guattari Blanchot queer theory Butler Edelman and the visual arts Caravaggio Almodóvar Pasolini Malick Dumont This first introduction to Bersani's work provides a chronological overview of his thought and details his contributions to literary studies and critical theory **Feminism, Foucault, and Embodied Subjectivity** Margaret A. McLaren, 2012-02-01

Addressing central questions in the debate about Foucault's usefulness for politics including his rejection of universal norms his conception of power and power knowledge his seemingly contradictory position on subjectivity and his resistance to using identity as a political category McLaren argues that Foucault employs a conception of embodied subjectivity that is well suited for feminism She applies Foucault's notion of practices of the self to contemporary feminist practices such as consciousness raising and autobiography and concludes that the connection between self transformation and social

transformation that Foucault theorizes as the connection between subjectivity and institutional and social norms is crucial for contemporary feminist theory and politics **Creating a Black Vernacular Philosophy** Devonya N. Havis, 2022-12-13

Creating a Black Vernacular Philosophy explores how everyday Black vernacular practices developed to negotiate survival and joy can be understood as philosophy in their own right Devonya N Havis argues that many unique cultural and intellectual practices of African diasporic communities have done the work of traditional philosophies Focusing on creative practices that take place within Black American diasporic cultures via narratives the blues jazz work songs and other expressive forms this book articulates a form of Black vernacular Philosophy that is centered within and emerges from meaning structures cultivated by Black communities These distinct philosophical practices running parallel with and often improvising on European philosophy should be acknowledged for their rigorous theoretical formation and for their disruption of traditional Western philosophical ontologies **Foucault, Feminism, and Sex Crimes** Chloë Taylor, 2018-10-08

This book brings together Foucault's writings on crime and delinquency on the one hand and sexuality on the other to argue for an anti carceral feminist Foucauldian approach to sex crimes The author expands on Foucault's writings through intersectional explorations of the critical race decolonial critical disability queer and critical trans studies literatures on the prison that have emerged since the publication of Discipline and Punish and The History of Sexuality Drawing on Foucault's insights from his genealogical period the book argues that those labeled as sex offenders will today be constructed to re-offend twice over once in virtue of the delinquency with which they are inculcated through criminological discourses and in the criminal punishment system and second in virtue of the manners in which their sexual offense is taken up as an identity through psychological and sexological discourses The book includes a discussion of non retributive responses to crime including preventative redistributive restorative and transformative justice It concludes with two appendixes the original 19th century medico legal report on Charles Jouy and its English translation by the author Foucault Feminism and Sex Crimes will be of interest to feminist philosophers Continental philosophers Women's and Gender Studies scholars social and political theorists as well as social scientists and social justice activists The Suicidal State Madoka Kishi, Professional in Residence Department of English Madoka Kishi, 2024

Through mapping the entwinement between the turn of the century nativist discourse race suicide and the frequent representation of suicide in Progressive Era literature The Suicidal State asks what kind of agency subjectivity and intimacies suicide could forge in its undoing of the selfhood Prefiguring the twenty first century white nationalist discourse replacement theory race suicide imagined the white race's declining birthrate as a sign of its imminent extinction sparking anti immigrant sentiment and legislation Suicidal figures in period literature this book argues symptomatically enact race suicide to short circuit the imperatives of racial reproduction and self preservation instead gesturing toward new erotic relationalities and pleasures **Substance, Judgment, and Evaluation** Patrick T.
