Fundamentals of Corporate Finance continues to use its engaging accessible narrative to give students an introductory overview of the key concepts in modern corporate finance and the strategies used by firms in this continually changing field. The author uses years of expertise to guide readers through a framework of corporate finance providing readers with a solid foundation of knowledge. With integrated theories and real world European examples the new edition presents the fundamentals of corporate finance in a clear and captivating way. Key Features: New Sustainability in Finance boxes provide awareness on how sustainability and corporate finance are interconnected in every day life. Example boxes in every chapter provide real and hypothetical examples illustrating theoretical concepts such as calculating returns, bond yields and equity. Real World Insight boxes on prominent topics like mortgages, investing and price models illustrate how corporate finance theories and concepts have been applied to business and decisions. Up to date content reflecting the latest developments in the field including the growth of ethics and sustainability, the emergence of cryptocurrencies and financial technology and the impact of Brexit on corporate finance practice. Coverage of the Covid 19 pandemic and how this has and will impact the field of corporate finance in the future. Material aligns with external syllabi from professional bodies including ACCA, CIMA and ICAEW.

Understanding Financial Management H. Kent Baker, Gary Powell, 2009-02-09. Designed for those who want to gain an understanding of the fundamental concepts and techniques used in financial management. An underlying premise of the book is that the objective of the firm is to maximize value or wealth. Drawing on a wealth of experience in the academic and professional worlds the authors discuss how firms can accomplish this objective by making appropriate investment and financing decisions. Bridging the gap between financial theory and practice the authors present fundamental concepts in an intuitive and nontechnical way and provide numerous practical financial tips to readers. The focus is on current practice using results from recent surveys to show the most popular techniques and approaches used by financial managers today. A range of instructor's resources are available at the accompanying website. Visit www.blackwellpublishing.com/baker for full details.
