Foundations Of Financial Management 14th Edition Chapter 2:

Fundamentals of Financial Management Patel Bhavesh, The subject of financial management is gaining importance in the context of today's business environment. This book attempts to provide a clear understanding of the fundamentals of the subject including the concepts, theories, models, tools, and techniques and their applications. Its focus on logical discussion where it is needed for contextual understanding of the topic makes the book different from others. *Fundamentals of Financial Management* is a useful resource for undergraduate students of management and commerce as well as for practising managers. Key Features: Logical progression of text from fundamentals and concepts to theories, techniques, and their applications; Discussion of various tools and their applications in decision making in the context of the situation; Explanation of various functions of Excel spreadsheet for different applications; Pedagogical elements to help in better learning; objective questions, worked-out examples as well as unsolved problems. *Corporate Finance* Peter Moles, Robert Parrino, David S. Kidwell, 2011. *Fundamentals of Corporate Finance* helps students develop the intuition and analytical skills necessary to effectively apply financial tools in real-world decision-making situations. The authors provide a fully integrated framework for understanding how value creation relates to all aspects of corporate finance, whether it be evaluating an investment opportunity, determining the appropriate financing for a business, or managing working capital. This unique and integrated framework also provides robust coverage of problem solving and decision-making skills. *Taxmann's Financial Management | Theory | Problems | Cases – Blend of theory & practical application, following a business-oriented approach enabling readers to analyze company reports effectively* Ravi M. Kishore, Prof. (Dr.) Padma Sai Arora, 2023-09-26. This book adopts an enhanced business-oriented methodology for teaching and learning financial management. Aimed at fostering an in-depth and comprehensive understanding of the subject, it takes a holistic approach that melds theory with practical applications to real-world scenarios. The structure of this book is meticulously designed to elaborate on the diverse principles and techniques of financial management. Upon completion, readers will be equipped to scrutinize the annual reports of various companies and analyze the information more effectively. This book is designed for individuals seeking to understand financial management's core principles and theories. Primarily, it is tailored for postgraduate students enrolled in business schools. Additionally, undergraduate students pursuing B.Com Hons, B.Com Prog, and B.A Prog from various universities and professional institutes will also find this book beneficial.
