Four Fundamental Questions Richard Bilsker,2020-05-14 **An Introduction to Jean-Yves Lacoste** Joeri Schrijvers,2016-04-15 Introducing the thought of philosopher and theologian Jean Yves Lacoste this book provides an overview spanning Lacoste s earliest works on sacramentality to his latest work *Etre en Danger* 2011 in which Lacoste opens up the liturgical experience onto a spiritual experience of life Schrijvers unfolds the logic of what Lacoste calls the liturgical experience from its violent variety in *Exp rience et Absolu* to the logic of love and love s possibility as it is developed in the later works Throughout the book the focus is on Lacoste s dialogue with Heidegger and through this his attempt to widen the scope of phenomenology to include the phenomenality of the divine **American Journal of Psychotherapy** ,1974

 Beyond Text and Image Benjamin Fraser,2025-08-08 Comics Beyond Text and Image conceptualizes comics as bodies
 exploring the substance and the many movements and expressions of comics first and foremost in terms of corporeality The
 book centers on the metaphor of the comics body as a way of opening up our understandings of what comics do It begins
 from the position that narrative in comics is corporeal expressed in and through the visual bodies into which the page can be
 divided analytically and from the interaction of the human body with the comics body Drawing on the philosophy of Baruch
 Spinoza the author argues for the primary role of visual narration over textual narration develops a theory of the comics text
 as a cohesive and variegated cartography and shows how thought is expressed in the extensive space of the comics page This
 theory is then applied in snapshots of individual comics works that each in their own way continue the philosophical
 discussions of embodiment This book moves beyond traditional modes of narration or narrative and will appeal to students
 and scholars of comics studies as well as to those thinking about visual narrative more broadly and to scholars of Spinoza and
