efficient two dimensional compressive sensing in mimo radar - Oct 14 2022

mar 1 2017 compressive sensing cs has been a way to lower sampling rate leading to data reduction for processing in multiple input multiple output mimo radar systems in this paper we further reduce the computational complexity of a pulse doppler collocated mimo radar by introducing a two dimensional 2d compressive sensing

compressed sensing radar signal processing communications - May 21 2023

covers both theoretical and practical advances in radar signal processing using compressed sensing provides broad coverage of topics including clutter rejection cfar detection adaptive beamforming random arrays for radar space time adaptive processing and mimo radar

compressed sensing in radar signal processing - Aug 24 2023

compressed sensing in radar signal processing learn about the most recent theoretical and practical advances in radar signal processing using tools and techniques from compressive sensing providing a broad perspective that fully demonstrates the impact of these tools the accessible and tutorial like

design and analysis of compressed sensing radar detectors - May 09 2022

oct 16 2012 abstract we consider the problem of target detection from a set of compressed sensing cs radar measurements corrupted by additive white gaussian noise we propose two novel architectures and compare their performance by means of receiver operating characteristic roc curves

on compressive sensing applied to radar signal processing - Mar 07 2022

may 1 2010 compressive sensing cs techniques offer a framework for the detection and allocation of sparse signals with a reduced number of samples today modern radar systems operate with high bandwidths demanding high sample rates according to the shannon nyquist theorem and a huge number of single elements for phased array antennas

compressed sensing wikipedia - Dec 16 2022

compressed sensing also known as compressive sensing compressive sampling or sparse sampling is a signal processing technique for efficiently acquiring and reconstructing a signal by finding solutions to underdetermined linear systems

compressed sensing in radar signal processing google books - Apr 20 2023

jun 3 2019 download keyboard arrow down browse figures versions notes abstract in recent years sparsity driven regularization and compressed sensing cs based radar imaging methods have attracted significant attention this paper provides an introduction to the fundamental concepts of this area

compressed sensing mri a review from signal processing - Dec 04 2021

mar 29 2019 compressed sensing cs theory 12 16 17 addresses the accurate recovery of unknown sparse signals from underdetermined linear measurements and has become one of the main research topics in the signal processing area for the last two decades 18 19 20 21 22 23

application of compressed sensing theory to radar signal processing - Mar 19 2023

jul 11 2010 abstract compressed sensing theory is a newly developed theory which unites the signal sampling and compression based on the sparsity characteristic of signal the union can reduce sampling rate and then reduce computational complexity of the system without the loss of the performance of the system

compressed sensing based range doppler processing method for passive radar - Aug 12 2022

Jul 23 2021 in recent years the application of compressed sensing CS has been considered in passive radar CS is a sparse signal processing technology [13, 14] which can reduce the amount of sampling data and use a small number of measurements to

compressed sensing in radar signal processing - Sep 25 2023

Learn about the most recent theoretical and practical advances in radar signal processing using tools and techniques from compressive sensing providing a broad perspective that fully demonstrates the impact of these tools. The accessible and tutorial-like chapters cover topics such as clutter rejection, CFAR detection, adaptive beamforming.
