McDougal,2005-01 **The Trouble with Textbooks** Gary A. Tobin,Dennis R. Ybarra,2008-07-31 School textbooks in Iran
Saudi Arabia Egypt and elsewhere in the Arab and Muslim worlds are filled with anti Western and anti Israel propaganda
Most readers will be shocked to discover that history and geography textbooks widely used in America s elementary and
secondary classrooms contain some of the very same inaccuracies about Jews Judaism and Israel Did you know that there is
no record of any important Jewish contribution to the sciences World Civilizations Thomson Wadsworth Or that Christianity
was started by a young Palestinian named Jesus The World Scott Foresman Pearson Supplemental materials and other
classroom influences are even worse The Trouble with Textbooks exposes the poor scholarship and untruths in textbooks
about Jews and Israel The problems uncovered in this ground breaking analysis are instructive and illustrate the need for
reform in the way textbooks are developed written marketed and distributed Substitute another area how we teach American
history Western civilization or comparative religion and we have another equally intriguing case study The Trouble with
Textbooks shows what can go terribly wrong in discussing religion geography culture or history and in this case all of them
The Trouble with Textbooks tells a cautionary tale for all readers whatever their background of how textbooks that
Americans depend on to infuse young people with the values for good citizenship and to help acculturate students into the
multicultural salad that is American life instead disparage some groups and teach historical distortions With millions of
young people using these textbooks each year the denigration of some should be a concern for all **Modern World**
