Jsc Suggestion General Since 2014

G Psacharopoulos

Jsc Suggestion General Since 2014:

Related Party Transactions and Corporate Groups Ivan Romashchenko, 2020-03-06 In a market environment where economic actors conduct themselves as diligent and conscientious managers the regulation of related party transactions RPTs would be largely irrelevant Unfortunately the corporate reality is far from an ideal world that is innocent of market abuse and corporate fraud It remains necessary to protect minority shareholders from the wrongdoings of majority shareholders and to protect all shareholders from opportunistic managerial behaviour This timely book the first on the subject since implementation of the European Union's EU's revised Shareholders Rights Directive provides in depth analysis of how and to what extent RPTs are covered by existing legal requirements on capital protection and corporate group regulation highlighting experiences and strategies adopted in Germany Poland and the Netherlands as examples for Eastern European countries and in particular Ukraine Beyond his comparative analysis of the current status the author offers recommendations for more effective handling of RPTs investigating such aspects as the following what constitutes a corporate group and how group issues are regulated in the various legal systems what constitutes a conflict of interest originating in ownership and control and what types of such conflicts occur whether RPTs within corporate groups should receive special treatment relative to transactions outside groups combatting corporate raiding most often carried out through illegal seizure of corporate assets approval and disclosure requirements for RPTs and how information about RPTs is disclosed publicly Drawing on resources including legislation case law scholarship and intensive discussions with practicing lawyers from several jurisdictions the author underscores the imperative of establishing limitations and requirements that oblige a company's officers shareholders and other potential related parties to follow certain rules whenever they wish to enter into an RPT As a contribution to the debate about the convergence between EU corporate law and that of major eastern European states the book has no peers Practitioners in both East and West who advise on compliance with regulations for RPTs or represent stakeholders interests against abusive RPTs will ensure appropriate remedies and protection mechanisms for their clients

Corporate and Unitary Legal Entities in Russia Florian Heindler, 2018-04-19 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of the law of business formations in Russia provides quick and easy guidance on a variety of corporate and partnership considerations such as mergers rights and duties of interested parties stock exchange rules labour laws and takeovers Lawyers who handle transnational business will appreciate the explanation of local variations in terminology and the distinctive concepts that determine practice and procedure A general introduction covering historical background definitions sources of law and the effect of international private law is followed by a discussion of such aspects as types of formation capital shares management control liquidation mergers takeovers holding companies subsidiaries and taxation Big companies various types of smaller entities and partnerships are all covered in turn These details are presented in such a way that readers who are unfamiliar with specific

terms and concepts in varying contexts will fully grasp their meaning and significance Thorough yet practical this convenient volume puts the information necessary for corporations to compete effectively at the user s fingertips An important and practical tool for business executives and their legal counsel interested in engaging in an international partnership or embarking on corporate expansion this book will prove a valuable time saving tool for business and legal professionals alike Lawyers representing parties with interests in Russia will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative business law

Drug prevention and control of ventilator-associated pneumonia volume II Xian-Tao Zeng, Mei Jiang, Zhi Mao, 2023-06-21 **Regulating Judges** Richard Devlin, Adam Dodek, 2016-12-30 *Regulating Judges* presents a novel approach to judicial studies It goes beyond the traditional clash of judicial independence versus judicial accountability Drawing on regulatory theory Richard Devlin and Adam Dodek argue that judicial regulation is multi faceted and requires us to consider the complex interplay of values institutional norms procedures resources and outcomes Inspired by this conceptual framework the book invites scholars from 19 jurisdictions to describe and critique the regulatory regimes for a variety of countries from around the world *Constitutional Adjudication in Africa* Charles M Fombad, 2017-09-01 Since the 1990 wave of constitutional reforms in Africa the role of constitutional courts or courts exercising the power to interpret and apply constitutions have become a critical aspect to the on going process of constitutional construction reconstruction and maintenance These developments appear at least from the texts of the revised or new constitutions to have resulted in fundamental changes in the nature and role of courts exercising jurisdiction in constitutional matters The chapters in this second volume of the Stellenbosch Handbooks in African Constitutional Law series are the first to undertake a critical and comparative examination of the interplay of the diverse forms of constitutional review models on the continent Comparative analysis is particularly important given the fact that over the last two decades constitutional courts in Africa have been asked to decide a litany of hotly contested and often sensitive disputes of a social political and economic nature As the list of areas in which these courts have intervened has grown so too have their powers actual or potential By identifying and examining the different models of constitutional review adopted these chapters consider the extent to which these courts are contributing to enhancing constitutionalism and respect for the rule of law on the continent The chapters show how the long standing negative image of African courts is slowly changing The courts have in responded in different ways to the variety of constraints incentives and opportunities that have been provided by the constitutional reforms of the last two decades to act as the bulwark against authoritarianism and this provides a rich field for analysis filling an important gap in the literature of contemporary comparative constitutional adjudication This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations

Technology and Business Strategy Igor Stepnov, 2021-02-01 This book examines how new technologies have transformed

global markets as well as global business strategy It explores how digitalization artificial intelligence virtual reality and other changes in technology have led both to new opportunities but also to increased uncertainty within both business and legislature By pulling together academics from Russia China France Hungary Azerbaijan Tajikistan and other countries this book provides a truly international perspective on the impact of new technologies across areas including smart cities corporate governance EU legislation and logistical enterprise It will be valuable reading for academics interested in digitization digital business digital entrepreneurship and the way that technological change has informed strategy

European judicial systems - Edition 2014 (2012 data) - Efficiency and quality of justice Council of Europe, 2014-12-01 The new Edition of the report of the European Commission for the Efficiency of Justice CEPEJ which evaluates the functioning of the judicial systems in 45 Council of Europe's member states and an observer state to the CEPEJ Israel remains in line with the process carried out since 2002 Relying on a methodology which is already a reference for collecting and processing a wide number of quantitative and qualitative judicial data this unique study has been conceived above all as a tool for public policy aimed at improving the efficiency and the quality of justice To have the knowledge in order to be able to understand analyse and reform such is the objective of the CEPEJ which has prepared this report intended for policy makers legal practitioners researchers as well as for those who are interested in the functioning of justice in Europe

Springer Handbook of Global Navigation Satellite Systems Peter Teunissen, Oliver Montenbruck, 2017-06-16 This Handbook presents a complete and rigorous overview of the fundamentals methods and applications of the multidisciplinary field of Global Navigation Satellite Systems GNSS providing an exhaustive one stop reference work and a state of the art description of GNSS as a key technology for science and society at large All global and regional satellite navigation systems both those currently in operation and those under development GPS GLONASS Galileo BeiDou QZSS IRNSS NAVIC SBAS are examined in detail The functional principles of receivers and antennas as well as the advanced algorithms and models for GNSS parameter estimation are rigorously discussed The book covers the broad and diverse range of land marine air and space applications from everyday GNSS to high precision scientific applications and provides detailed descriptions of the most widely used GNSS format standards covering receiver formats as well as IGS product and meta data formats The full coverage of the field of GNSS is presented in seven parts from its fundamentals through the treatment of global and regional navigation satellite systems of receivers and antennas and of algorithms and models up to the broad and diverse range of applications in the areas of positioning and navigation surveying geodesy and geodynamics and remote sensing and timing Each chapter is written by international experts and amply illustrated with figures and photographs making the book an invaluable resource for scientists engineers students and institutions alike

Civil Jurisdiction and Judgments Adrian Briggs, 2015-06-12 Now in a fully updated sixth edition this book is an established treatise in the field of civil jurisdiction and judgments It states analyses illuminates and evaluates the law of civil jurisdiction and the enforcement of foreign judgments

in English law with this new edition taking into account the implications of the new Brussels I Regulation recast Regulation EU 1215/2012 as well as the great number of developments in the case law which have taken place since 2009. This book looks in detail at the jurisdictional rules put in place by the recast Brussels I Regulation, the common law rules of jurisdiction, the principles according to which that jurisdiction will or will not be exercised, the extent to which proceedings before a foreign court may be assisted or impeded, obtaining interim and interlocutory relief, recognition and enforcement of foreign judgments. This text is an authoritative and comprehensive reference for all legal professionals working in commercial law across jurisdictions. Injunctions in Private Law David Capper, 2024-08-06. *Injunctions in Private Law* presents the key principles, rules and case law relating to the granting of injunctions as remedies in private law. This authoritative work addresses a range of legal infringements, namely nuisance, trespass, invasion of privacy, breach of contract and the infringement of intellectual property rights.

The Supreme Court of Ghana Law Reports, 2015. **Combating Corruption** John Hatchard, 2014-01-01. John Hatchard considers the need for good governance, accountability and integrity in both the public and private sector. He studies how these issues are reflected in both the African Union Convention on Preventing and Combating Corruption and the United Nations Convention against Corruption. *Understanding the Law of Assignment* C. H. Tham, 2019-10-17. Explains how intangible assets such as contractual debts or equitable entitlements may be assigned under English law.

Personal Insolvency in the 21st Century Iain Ramsay, 2017-05-04. Since 1979 the world has witnessed a remarkable cycle of personal insolvency law reform. Changes in capitalist economies, financial crises and political interest groups all contributed to this cycle of reform. This book examines the role of interest groups and distinct narratives in shaping reform in different countries while drawing attention to the role of timing, path dependency and unintended consequences in the development of personal insolvency law. The book presents case studies of personal insolvency law in the US, France, Sweden and England and Wales. It then analyses how following the Great Recession of 2008, international financial institutions paid greater attention to the significance of household debt in contributing to financial instability and the role of individual insolvency law in providing a fresh start. Personal insolvency law reform became part of EU responses to the eurozone crisis and the EU has proposed harmonisation of individual insolvency law to promote entrepreneurialism. This book examines the extent to which these developments represent an emerging international commonsense about personal insolvency and its relationship to neo-liberalism. Finally, this book discusses whether the international emergence of individual personal insolvency law represents a progressive step or a band aid for the costs of neo-liberal policies where a significant number of people live close to the precipice of over-indebtedness. 15th WCEAM Proceedings João Onofre Pereira Pinto, Marcio Luiz Magri Kimpara, Renata Rezende Reis, Turuna Secharan, Belle R. Upadhyaya, Joe Amadi-Echendu, 2022-03-24. This book gathers selected peer-reviewed papers from the 15th World Congress on Engineering Asset Management (WCEAM) which was hosted by The Federal University of Mato Grosso do Sul, Campo Grande, Brazil, from 15-18 August 2021. This book covers a

wide range of topics in engineering asset management including strategy and standards sustainability and resiliency servitisation and Industry 4.0 business models asset information systems and asset management decision making The breadth and depth of these state of the art comprehensive proceedings make them an excellent resource for asset management practitioners researchers and academics as well as undergraduate and postgraduate students

Gender and Judging Ulrike Schultz, Gisela Shaw, 2014-07-18 Does gender make a difference to the way the judiciary works and should work Or is gender blindness a built in prerequisite of judicial objectivity If gender does make a difference how might this be defined These are the key questions posed in this collection of essays by some 30 authors from the following countries Argentina Cambodia Canada England France Germany India Israel Italy Ivory Coast Japan Kenya the Netherlands the Philippines South Africa Switzerland Syria and the United States The contributions draw on various theoretical approaches including gender feminist and sociological theories The book's pressing topicality is underlined by the fact that well into the modern era male opposition to women's admission to and progress within the judicial profession has been largely based on the argument that their very gender programmes women to show empathy partiality and gendered prejudice in short essential qualities running directly counter to the need for judicial objectivity It took until the last century for women to begin to break down such seemingly insurmountable barriers And even now there are a number of countries where even this first step is still waiting to happen In all of them there remains a more or less pronounced glass ceiling to women's judicial careers

Ecology of Invertebrate Diseases Ann E. Hajek, David I. Shapiro-Ilan, 2018-01-16 A rapidly growing interdisciplinary field disease ecology merges key ideas from ecology medicine genetics immunology and epidemiology to study how hosts and pathogens interact in populations communities and entire ecosystems Bringing together contributions from leading international experts on the ecology of diseases among invertebrate species this book provides a comprehensive assessment of the current state of the field Beginning with an introductory overview of general principles and methodologies the book continues with in depth discussions of a range of critical issues concerning invertebrate disease epidemiology molecular biology vectors and pathogens Topics covered in detail include Methods for studying the ecology of invertebrate diseases and pathogens Invertebrate pathogen ecology and the ecology of pathogen groups Applied ecology of invertebrate pathogens Leveraging the ecology of invertebrate pathogens in microbial control Prevention and management of infectious diseases of aquatic invertebrates Ecology of Invertebrate Diseases is a necessary and long overdue addition to the world literature on this vitally important subject This volume belongs on the reference shelves of all those involved in the environmental sciences genetics microbiology marine biology immunology epidemiology fisheries and wildlife science and related disciplines

Criminal Justice and Taxation Peter Alldridge, 2017-02-16 The fallout from the financial crisis of 2007 8 HSBC Suisse in 2015 and the Panama Papers in 2016 has generated calls for far more vigorous and punitive responses to tax evasion and greater international co operation against mechanisms for giving anonymity to the ownership of property One

mechanism to ensure compliance is the use of the criminal justice system The announcement in 2013 by the then Director of Public Prosecutions Keir Starmer of a policy of increasing rates of prosecution for tax evasion raised squarely the issue of whether increased involvement of criminal law and criminal justice in tax evasion would be justifiable or not The relationship between tax evasion and the proceeds of crime is taking on increasing importance treating the proceeds of criminal tax evasion as falling within the proceeds of crime regime inevitably expands the scope of both In this book Peter Alldridge considers the development of the offences and the relationship between tax evasion offences and other criminal offences the relevant rules of evidence prosecution structures decision making processes and alternatives to prosecution Specific topics include offshore evasion and the relationship of tax evasion with other crimes and aspects of the criminal justice system A topical and lively discussion of a heated debate
