**The West African Methodist Collegiate School, 1911-2021** Christopher E. S. Warburton, 2021-12-22 The West African Methodist Collegiate School 1911 2021 presents an intricate analysis of challenging missionary work in Sierra Leone and West Africa In meticulous detail the book revisits an era that spans the slave trade and the manumission of slaves and examines the ways that missionaries helped to educate former slaves and free men for a viable form of existence The checkered history of the school chronicles the adversities courage and determination of men who dared to preserve an educational institution that was designed to provide religious and secular education In more elaborate terms the book reveals how changing circumstances and conditions of the twenty first century can obscure a nineteenth century concept when socioeconomic challenges and the vicissitudes of war and epidemics become too overpowering **Flamingo Social Studies for Junior Secondary Schools: For JSS 1** Ahmed Ibrahim, 2005\* **A Guide to Biblical Commentaries and Reference Works, 11th Edition** John F. Nwauwa, Ogechi E. Anyanwu, 2019-05-20 Scholarly studies on the Igbo have been scant and fragmented *Politics and Identity Formation in Southeastern Nigeria* The Igbo in Perspective fills an obvious gap exploring the social cultural economic political and aesthetic traditions that distinguish the Igbo of southeastern Nigeria from their neighbors In scope content and analysis this book is both multi and cross disciplinary focusing on the experiences and forces that have shaped the Igbo society identity formation and sociocultural political and aesthetic representations Themes such as the importance of Igbo names in understanding the people's social linguistic religious gender and cultural identities as well as the intersection of language politics socialization education and aesthetic expression in the Igbo experience in Nigeria are interrogated in a refreshing fashion with an appreciable level of originality *Developmental Dyslexia and Anaphora Resolution in English L1/L2* Nicoletta Simi, 2021-06-15 This book presents the results of three experimental studies focusing on the ability of people with dyslexia to resolve ambiguous anaphoric sentences where concrete and abstract referents are present Each study represents a step in the ongoing investigation of this issue and stems from questions left unanswered by previous research This work is primarily inspired by the desire to gain a better understanding of the role of syntactic and lexical knowledge in text comprehension and more specifically of the effects of word concreteness and abstractness in anaphora resolution contexts for readers with dyslexia The book also investigates the resources necessary to process ambiguous anaphoric sentences The

innovative methodology implemented here comprises both experimental techniques such as eye tracking and the use of questionnaires and standardised tests to answer specific research questions It also puts forward a hypothesis that explains the different deficits manifesting in people with dyslexia and suggests that in reading comprehension tasks the known impairment in people with dyslexia s working memory may hinder their ability to efficiently and accurately perform tasks involving procedural memory resources As a consequence this impairment would emerge as disruptions of people with dyslexia s semantic and syntactic competence as well as their functioning in complex tasks which are particularly demanding in terms of working memory resources
