 the poor and vulnerable is increasingly considered crucial to international development debates This is the first book to
 explore from an interdisciplinary and global perspective the reforms of social protection systems introduced in recent years
 by many governments of low and middle income countries Although a growing body of literature has been concerned with
 the design and impact of social protection less attention has been directed towards analyzing and explaining these reform
 processes themselves Through case studies of African Asian and Latin American countries this book examines the global
 phenomenon of recent social protection reforms in low and middle income areas and how it differs across countries both in
 terms of scope and speed of institutional change Exploring the major domestic and international factors affecting the political
 feasibility of social protection reform the book outlines the successes and failures of recent reform initiatives This invaluable
 book combines contributions from both academics and practitioner experts to give students researchers and practitioners in
