Death Orders Anna Geifman,2010-05-20 This fascinating study shows how terrorism as developed and practiced in Romanov Russia has over the past century manifested itself as the template for modern and postmodern terrorism as a universal sociocultural psychological and existential experience irrespective of particular political causes ethnic distinctions and ideological boundaries Arguing that Russia is the birthplace of modern terrorism Death Orders The Vanguard of Modern Terrorism in Revolutionary Russia uses the nation as a case study of psycho historical patterns of worldwide terrorist activity during the past century Key features of early 20th century Russian political extremism serve as models for terrorist experiences in other periods and regions as author Anna Geifman builds a typology of a universal phenomenon The book shows how in Russia and elsewhere terrorists objectives have degenerated from punishment of individual adversaries and attempts to intimidate political elites to indiscriminate acts of political violence It shifts attention from ideology to practices that had been previously hidden ignored or rationalized demonstrating that what terrorists say about their motives may not be what actually drives them to brutality By looking closely at Russian precedents for the general experience of modern political violence the book helps illuminate many obscure aspects of terrorism today Virginia Journal of Education ,1922

Why Did God Make You? Maurice C., 2024-04-25 The shift in moral standards across the world has changed dramatically in the last eighty years The shift has not been good for society and the influence of Satan has grown Once a God fearing and loving society we are now a God ignoring and self satisfying nation The Ten Commandments once considered vital are now treated as less than ten suggestions We have moved so far away from a God centered world that I suspect He will do something dramatic to regain our attention We have probably passed the point of no return in our relationship with our Creator Mary and many Saints have warned that we need to return to Him and I believe that only some divine intervention will bring us home to Him My children and grandchildren didn't have the religious education we had Most of them can't answer the question Why did God make you So I am asking you who had a solid religious education and belief to share that education with the young people I have taken on the job of praying my children and grandchildren into heaven If you agree please join me Ask the Father in Jesus's name to bring us home for eternity Live and share the reason God made you Tell the children what you learned to know Him to love Him and serve Him This is the purpose of our existence Share it with the ones we love deeply We live in His world No matter what man tries to do He is still and always will be in charge In my judgment the only power strong enough to coordinate all the confusion we've seen in the world today is Satanic power Satan is constantly on the attack but we have the power on our side to overcome his influence In the end Jesus will triumph coming in glory His love and mercy is endless and will be shared by those who make an effort to do the will of the Father The sisters taught us about the sacraments Talk to your children and grandchildren about them Encourage them to go to confession and to attend mass and God will take care of them Don't be afraid He put us here and now for a reason and I believe the reason is for us to help each other to know love and serve Him Let's pray them into heaven with us It has been two years getting this book to print The changes in the world condition over that time has deteriorated significantly Knowing the reason of our existence has become even more crucial than it was two years ago The Russians have invaded Ukraine and their action threatens world safety Mary warned us of this threat over one hundred years ago We are past time in listening to her words

of warning This week in March 2022 the Ukrainian bishops are pleading with the Pope to consecrate Russia to Mary While we wait to see how the world situation unfolds we might renew our own consecration to Mary and to the Sacred Heart of Jesus The world is praying for peace I believe it is time to do more than to ask God for favors It is time past time to add actions to our prayers taking Tom's example by the practice of fasting and other forms of self sacrifice I need to stop asking and to start doing He doesn't need my sacrifice but He loves my surrender I witnessed a beautiful sign on the first Friday of March The morning mass usually has thirty five or so attendees On this last first Friday there were over 120 People are responding to Mary's call If you haven't joined her yet please do for your benefit your children's benefit and for the salvation of the world Thank you again

The Living Church ,1949 **Japan's Colonial Moment in Southeast Asia 1942-1945** Nakano Satoshi,2018-10-03 The first ever attempt to paint a full scale portrait of the Japanese Occupation of Southeast Asia during the Asia Pacific War 1942-5 This book draws on the huge body of available narrative military documents bureaucratic records and personal accounts of combatants and civilians including diaries memoirs and collected correspondence most of which have previously been either unknown or unavailable to non Japanese readers It examines how the Japanese imperial adventure in Southeast Asia sped up the collapse of the Japanese Empire as a whole not only through its ultimate military defeat in the region but also due to its failure as an occupier from the very beginning Nakano explains the significance of the Japanese Occupation of Southeast Asia as a learning experience for the occupiers whether soldiers on the frontlines or civilians on the home front He uses a synthesis overlay and juxtaposition of a selection of these narratives to reassemble the narrative as a whole This brings into focus the outlook of those Japanese who set out for Southeast Asia with the purpose to urge the region's occupied people to collaborate with Japan to transform the region into an integral part of the Greater East Asia Co Prosperity Sphere Many would eventually discover that what required change was Japan and its whole approach to colonial rule as was realized so quickly in the postwar era The original Japanese version was published as Tonan Ajia senryo to Nihonjin Teikoku Nihon no kaitai The occupation of Southeast Asia and the Japanese The dismantling of the Japanese Empire Tokyo Iwanami Shoten 2012 ISBN 430922542X
